## Quarter of Million Asked For Schools

Board of Education and Advisory Committee of School Decide to Revise June Estimate of Needs in View of Increased Demands From City Additions

Approximately \$250,000 will be asked at a bond election for an enlarged school building program, as the result of tentative estimates last night of the Board of Education and citizens' advisory committee, following reports on the increasing bonding limit of the school district. The report showed the total bond capacity is now about \$350,000, based on a valuation of \$13,083,370. This gives an increased building capacity of 150,000 since the June school bond election was called off.

Since that time, new districts demand schools, and the building capacity has increased because of the new additions.

The committee reviewed the estimates made for the previous bond issue in June, and decided that in view of changed conditions and the necessity for more school buildings than were then provided for it would be necessary to prepare new estimates of cost both of lands and buildings. It was said these would amount to about \$250,000. Accordingly, the subcommittee on buildings of which Roy L. Kent is chairman, and which includes C. A. Cole, Mrs. Gladys Esselman, Mrs. W. E. Halstead, and Charles Chandler, was instructed to prepare a new estimate of probable cost of needed school buildings and the additions to present buildings to be submitted at a meeting to be held two weeks hence in the same place.

**Committee on Grounds**  
The committee on grounds of which William C. Wattles is chairman, and which includes F. E. Wilkinson, H. V. Henry, George H. Moore, Mrs. E. S. McKee, and E. H. Learned of Grand View, (who was voted into membership to represent his district on motion of Mrs. Esselman), was instructed to see the owners of property previously considered and verify prices. It was understood that this committee would also report at a meeting to be held September 1. Upon the combined reports of these two subcommittees the advisory committee as a whole would be prepared to recommend the amount of a bond issue to meet school requirements.

Captain W. C. Wattles was invited to preside over the meeting and explained its purpose. He called upon Superintendent Richardson D. White to review the proceedings of the previous proposed bond issue for \$199,000.

**Superintendent White Explained**  
Mr. White explained that because the amount named was the limit of

Glendale's bonding capacity at that time, the estimates were pared to the limit. Since that time Grand View has been established as a part of the city school district, and will require a school building to accommodate the 75 pupils now attending from that rapidly growing section. Also, a school house will have to be constructed in the Verdugo Woodlands district if land can be obtained there at a reasonable figure.

**Decrease Building Cost**  
Over against this enlarged program Mr. White mentioned the decreased cost of building materials, and an increase in assessed valuations.

"We based that proposed bond issue in June on an assessed valuation of a little over \$10,000,000," he said. "I received yesterday from the county auditor the present assessed valuation of Glendale City School District, which is \$13,083,370, which gives an increase in the bonding capacity of \$150,000. This would bring our present bonding capacity to almost \$350,000. If the committee feels that it ought to increase the amount of the bond issue, it can do so."

Mr. Learned was asked relative to ground for the proposed school building in the Grand View district, and stated a site could be obtained, he thought, for \$2,000 an acre, which would bring the cost of a five-acre site to \$10,000. Messrs. David Hibben and Mr. Kent estimated the cost of a 3-room building with administrative offices and library, at \$15,000, which would bring the total cost to \$25,000.

**Previous Recommendations**  
The previous recommendations of the committee relative to land purchases to enlarge school grounds, were read by Mr. White covering the needs of Doran street school, Acacia, Colorado, Columbus avenue, and the proposed new intermediate, and for eighteen new school rooms, and, as already stated, these estimates were referred to the committees on buildings and grounds for verification and re-estimates.

Present at the meeting were David Hibben, president of the Board of Education and his fellow members, Dr. P. O. Lucas and Mrs. A. A. Barton, Richardson D. White, superintendent of schools, Roy L. Kent, H. V. Henry, F. E. Wilkinson, C. H. Crawford, George H. Moore, E. H. Learned, Mesdames Peter Diederich, Gladys Esselman, E. S. McKee, H. V. Brown.

## British Send Irish Last Peace Offer

England Reserves Right of Taking Emergency Measures in Event of Rejection, as Forecast in de Valera's Speech in Irish Parliament at Its Opening

LONDON, Aug. 19.—England's peace offer to Ireland, which Eamonn de Valera has announced that the Sinn Fein will reject, is the government's final word and no further concessions will be made except in the way of re-arranging details, Premier Lloyd George told the house of commons today in moving adjournment. "In the event of rejection," said the premier, "the house of commons will be summoned into session, but the government reserves the right to take any emergency measures."

"We have not heard any suggestion from any quarter of the world that the proposals had not gone to the limits of all possible concessions."

"We have forwarded everything we possibly could in order to purchase peace and the good will of the Irish people. The outline cannot be altered."

"Rejection would be an unmistakable challenge to the authority of the

crown and the unity of the empire, due to the threatening language which aggravates old difficulties and creates new ones."

The premier was frequently interrupted by cheers. In explaining the program for the future he said that if the negotiations were broken off the speaker of commons would summon parliament into executive session at once.

**Lords Sustain Commons**  
"The British government has offered to Ireland all that it can give without compromising the safety of the realm, the sovereignty of the crown and the dignity of the empire," declared Marquis Curzon, the foreign secretary.

This was considered a virtual reply of the English government to Eamonn de Valera. It was generally accepted as the viewpoint of the British government upon the Sinn Fein's rejection of the English peace offer.

## GLENDAL'S GROWTH ADDS TEACHERS TO SCHOOLS

Current Operating Expenses of \$190,340 Allows for Additional Teachers

Two sessions of the Glendale Board of Education were held last night at Intermediate School, one before and one after a conference meeting with members of the Citizens' Advisory Committee relative to a proposed issue of school bonds to provide additional accommodations for pupils and relieve congested conditions.

Present at the regular session were President David Hibben, Mrs. A. A. Barton, Dr. P. O. Lucas, Superintendent of Schools Richardson D. White and Architect Jeffery of Jeffery & Schaefer.

**Bids Awarded**  
Bids were received for cement work and flagpole at Broadway school, cement work and drinking fountain at the intermediate, and for the laying of two floors in the semi-basement at the Central avenue school. The contract was awarded to Peter L. Ferry, whose bid of \$1400 was the lowest. It covered all the jobs mentioned. The regular improvement and repair fund will be drawn upon for this work.

**Superintendent Reports**  
Superintendent White reported that the board's budget for the coming year had been approved by county supervisors. The amount for current operating expenses is \$190,340. It allows for ten additional teachers. They may not all be needed but the board did not want to be caught as it was last year, when its budget provided for four additional teachers and nine had to be elected, bringing the treasury balance before the close of the year to a dangerously low point. They did not then realize how rapidly the population was increasing.

**Improvement Budget**  
The budget for improvements, insurance, general repairs, etc., was \$16,000, and the kindergarten budget of \$17,200, making a total budget of \$223,540.

Mr. White also reported that the supervisors had fixed the county tax rate at 40 cents, or 4 cents less than last year, but that this shortage would be offset by the increase in state funds from \$17.50 to \$30 per unit of average daily attendance.

**New Teachers**  
Two new teachers were elected, Mrs. Mabel E. Douglas and Miss Bessie H. Aldrich, both residents of this city, who will teach general subjects.

The board confirmed the salary schedule for teachers fixed in June subject to approval of the school budget by the county supervisors. It also fixed a new salary schedule for office secretaries and janitors which will give them approximately \$10 more per month.

**GUN BATTLE FATAL**  
MURPHY, N. C., Aug. 19.—Deputy Sheriff A. Dean and Charles Watson were killed and B. L. Fox was wounded in a gun battle near here last night according to reports reaching here today.

## World News To Press By Wire

### GIGANTIC LOCKOUT

WASHINGTON, Aug. 19.—Frank Morrison, secretary of the American Federation of Labor, today declared the nation's unemployment now prevailing is "the most gigantic and widespread lockout of wage earners in the history of the country."

"It's a lockout—you can't call it anything else," Morrison said. "It's a deliberate shutting out of labor to starve it into submission even if the country goes to ruin."

### RENEW STRUGGLE

NEW YORK, Aug. 19.—With play in the women's national tennis singles narrowed down to the semi-final round today there were indications that Molla Mallory and Mrs. Mary K. Browne, the California flash, will renew their old struggle for supremacy.

### NEGOTIATIONS COMPLETE

RIGA, Aug. 19.—Negotiations between Walter L. Brown, director of American relief administration in Europe, and M. Litvinoff, envoy of the soviet government, have been concluded ahead of their schedule, and Mr. Brown said he hoped to be able to make the details of the agreement public tomorrow.

### LYNCHING FRUSTRATED

BARNSTABLE, Mass., Aug. 19.—An attempt was made to lynch three negroes held in the Barnstable county jail, charged with attacking Miss Gertrude Butler, 20-year-old Buzzard's Bay girl and holding up and robbing her escort, Wm. O. Eldridge, by more than a hundred angry men and women here today.

### FRANCE GAINS POINT

PARIS, Aug. 19.—The French today won a diplomatic victory over the British when announcement was made that the allies had agreed to send reinforcements to Upper Silesia. According to the announcement, France will send a brigade, Great Britain will send two regiments and Italy will send a battalion.

### STRIKE CONFERENCE

CHICAGO, Aug. 19.—A "strike vote" conference of railroad labor leaders will be held here beginning Monday, August 29, it was announced today.

### THIEVES SURPRISED

SAN FRANCISCO, Aug. 19.—Police surprised and arrested Harry Smith and Clifford Hayden as they were about to flee from the Coliseum Theatre with \$1800 they had taken from the safe. The officers heard a muffled explosion and entering the theatre found the men counting the money they had taken from the same.

### WOOD MUST RESIGN

WASHINGTON, Aug. 19.—Major General Leonard Wood will have to resign from the United States army to become governor general of the Philippines, as the result of action taken by the house military affairs committee today.

## JOYFUL JINGLING CASH WAITS FOR YOU TO CALL

Contest of Glendale Press May Be Won by Sick and Blind Persons

If you call upon a certain large furniture store on Broadway, which has a double front, and ask its firm name, who the manager is and where he lives, and what the business phone number is, and make a note of it, you are on the way to earn easy money, from the Glendale Press.

Then, if you drop into Cornwell & Kelly's store at 107 South Brand boulevard and ask them what their slogan is, and look up who runs the Sheridan car agency, by calling up Glendale 53, you are still farther along the Easy Money boulevard and rolling fine.

Now, all you have to do is call up the Saunders Paint company, at 138 North Brand boulevard, and ask them what well-known line of paint they handle there, and what slogan they use, and you've stepped on her and going great.

If you now read the Glendale Press a little closer and find out what merchant is saying in his automobile advertising: "Serves You Right," and ask Eble & Eble, chiropractors, what their particular slogan might be, phone Glendale 26-W and tell Kenny's Music Shop, phone Glendale 65-W, what you like about the Columbia Grafonola, you are hitting up the Easy Money cart to a cash jazz, sure 'nuff.

But, you must ask the advertising columns of the Glendale Press, or find out for yourself who is handling the A. B. C. washing machine, and what his slogan is, and ask what is the name of that full-fashioned, pure silk hose they sell exclusively in Glendale—phone Glendale 997, and find out from the Jewel Electric company, 200 and 202 East Broadway, the particular slogan of the Little Man, and call up the Page Furniture company and ask them, if you don't know, what specials in furniture they advertised last week, and say, why, you have earned most five dollars of the ten the Glendale Press is eager to hand you.

### Few Phone Calls

There's a few phone calls to make now, so drive straight ahead, stopping to find out, by looking over the Glendale Press or asking any of the automobile agencies, who is handling the Gardner Light Four, and then call up that agency and ask the name of the manager and the address of the company. Then you find out who is handling the Knabe and the Ampico, get the name and address from the advertising columns of the Press, and ask anybody who is handling the Willard battery for automobiles.

### Time to Eat

Now it is about lunch-time, and of course you may drop into a popular eating place on North Brand boulevard, which features home cooking and says it has the best coffee in the city, and that place is one of the stalls of a large store. Take the name of it and note it down on your money-making information.

### After Luncheon

Then hop back into the ready-money cart and run around and ask who is handling the Philadelphia Diamond Grid battery in Glendale, and find out how long that battery, with the Philco slotted retainers, is guaranteed.

Tripping along the business district, you should pick up the name of the store handling Kyanize enamels and varnishes, and Diamond floor paint, which you couldn't miss if you tried, for their window is full of it, so overflowing are they with enthusiasm. And you can drop into the W. H. Hooper & company and find out what slogan the Miller Rubber company uses in all its advertisements, what the address of the Hooper company is, and the telephone number.

### Going Easy

By this time you will not be far from a furniture company which advertises "Buy Direct from the Manufacturer," and all you need here is to take down the name of the store and ask the manager his name and address. The next easy one is to ask the Glendale Electric company, 132 North Brand, what's the name of the vacuum cleaner it handles, and what it costs. From there it is a little ride to the Brand Cleaners, 217 South Brand boulevard, where you should ask what the manager's name might be and how long he has been in Glendale. From there you turn her loose to the big hardware store on Broadway which everybody knows, for it carries

(Continued on Page 5)

## Building Loan Idea Is Main Point, Says Roland

Local Drive Has Stirred Discussion of This Form of Investment in Monthly Amounts, Which Is Principal Object of Drive Started in Glendale

Through the publicity given to the efforts of the Southern California Metropolitan Loan association here, it has been demonstrated that there is an awakening consciousness in building loan specialization in Glendale. Inquiries are coming to the Glendale office and one of the banks has taken interest and referred a number of clients to the company.

"The most important thing for Glendale just now is building loans and the building loan idea," said S. L. Roland, general manager of the association, today. "Whether the idea is put forward by this association or by another, is not the main issue. The building loan association idea must

be accepted and carried out if the city is to grow. There is competition now for members among similar associations here and elsewhere, and there may be other associations organized. But whatever association the citizen of Glendale enters, the plan of operation will be the same, under the state laws. We believe our record of so many years of security and conservative investments, will turn the logical investor our way. But, irrespective of this, the main problem is to lead the citizens of Glendale, those who are interested financially or otherwise in the city, to put some of their money, much or little, to work in regular sums, in Glendale. And that's all there is to the situation."

## MURDER PLOT NEW STILLMAN DIVORCE CASE SENSATION

New Yorker Confesses He Was Hired to Kill Defendant in Famous Case

(By International News Service)  
KANSAS CITY, Mo., Aug. 19.—The Kansas City Post, in a copyrighted story today, revealed an alleged plot to murder Mrs. Fifi Potter Stillman, one of the principal figures in the famous Stillman divorce suit. The amazing story was told by Sam Harris, 20, of New York city, who admits he was hired, with four others, to put Mrs. Stillman out of the way. He is being held under arrest for investigation of his statements.

Harris, according to the story, was approached at the Mills hotel, Seventh avenue and Thirty-sixth street, by a Pole named Henry McClusky, who told him of the murder plot. He also met John Burke, laborer, and an Italian taxi driver named Tony Seraccio, who were also in the plot.

### Revealed Plot

"A rich guy living at the Claridge hotel named 'Huntley Clay' wants Mrs. Stillman bumped," Harris says. "Henry, the Pole, told him. 'Arrangements had been made to pay us \$25,000 for the job, and we collected \$800 in advance for expenses. Henry, the Pole, was the banker. He gave me \$70 as my share first,' Harris stated."

### Wanted Action

"The Pole got restless laying around," Harris continued, "so he started out to life some stuff. He went into Macy's and got a bunch of stuff—about \$600 worth. I took it to a pawnbroker and sold it for \$75. 'Then came the Park avenue apartment robbery and the trail was too hot after that, so we had to beat it.' Harris declared that the killing was to come off within two weeks after the plot had been revealed to him.

"Every day one of us made a trip to the Claridge to get our instructions from the rich guy named Clay," he said.

### Urged Murder

"He would write us letters telling us what to do. 'He arranged that the four of us should meet Mrs. Stillman's automobile as she drove along the Pelham bay road. Burke was to act as one lookout and I was to be the other. 'Tony the Wop' was to take care of the driver of Mrs. Stillman's car, hitting him over the head with a blackjack if he could, killing him if he had to. 'Henry the Pole' was to shoot Mrs. Stillman. They were to take the car, drive to the bay, and dump her body into the ocean.'"

"While waiting for an opportune time to carry out the plan, however, Harris declared McClusky robbed an apartment on Park avenue and was chased by detectives. The gang decided to 'beat it,' according to Harris, and McClusky bought tickets to Philadelphia.

### Flee to Chicago

On August 2, three or four days later, they went to Chicago. There they separated, according to Harris. He said the Pole stopped at the Dearborn hotel under the name of John Caldwell, while the others lived at places on Wabash avenue. Harris said he stayed in Chicago until August 16, when the gang split,

## WOMEN GATHER TO KEEP BOOZE FIGHT ON THE MOVE

(By International News Service)  
SAN FRANCISCO, Aug. 19.—With the slogan "Enforcement of the Eighteenth Amendment" as their rallying cry, nearly one thousand delegates are in session here at the great exposition auditorium at the forty-eighth annual convention of the National Women's Christian Temperance Union. Every State in the Union, as well as the territories and dependencies, is represented, the convention being composed of one delegate for each 500 members of the national body, which numbers now slightly in excess of 500,000.

National officers of the organization reached this city several days ago by special train from Evanston, Illinois, and were given a typical California welcome by the various committees here in charge of the gathering.

The convention keynote was sounded by Miss Anna A. Gordon, national president, who declared that, while the crusade for prohibition carried on since 1874 by the W. C. T. U. had been crowned with success by the adoption of the Eighteenth Amendment, the need for further effort was imperative "to make effective the enforcement of the amendment in the United States in the light of its effect, not only here but upon the temperance work over the world." Miss Gordon urged upon the convention the need for correcting a general impression that with the adoption of the prohibition amendment the work of the W. C. T. U. was over and declared that the need for the "great moral force represented by the womanhood of the nation through the W. C. T. U. was even more vital now than before."

One of the principal speakers on the program is Mrs. Mary Harris Armour, regarded as one of the leading woman orators in the country, and a notable worker for the temperance cause.

Last night there was a "get-together dinner," at which various State and city officials spoke. Mrs. Sara J. Dorr, president of the California W. C. T. U. presided, the first speaker being Governor William D. Stephens, of this state. Following him came Mayor James Rolph, of San Francisco; Mrs. Helen K. Sanborn, president of the San Francisco Board of Education, and Mrs. W. A. Fitzgerald, president of the California Federation of Women's Clubs.

The response to the various addresses of welcome was made by Mrs. Nellie G. Burger, of Missouri.

The sessions of the convention will extend through this week and until Tuesday of next week. Many notable speakers are expected here, including National Prohibition Director Major Roy A. Haynes, who will talk Sunday on "Enforcing the Eighteenth Amendment."

Among the larger divisions of department work of the union to be taken up will be child welfare, Americanization, women in industry, social morality and world prohibition.

and he came to Kansas City. He exhibited pullman checks and telegrams which tend to substantiate his story. He said the Stillman divorce case was at its height when he was first approached to join the gang which was to put Mrs. Stillman out of the way.

## EX-CONVICT TRIES TO MURDER WHOLE FAMILY

Paroled Man Kills Daughter, Wounds Father and Then Commits Suicide

PETALUMA, Calif., Aug. 19.—Charles Hoffer, ex-convict, early today, attempted to wipe out an entire family and then killed himself.

Evelyn Grant, 11, is dead, her throat slashed from ear to ear. John Grant, her father, is probably fatally injured from blows and cuts inflicted by an axe wielded by Hoffer. Mrs. Emily Bardenhager, mother-in-law of Grant, is near death from axe blows and Leona Grant, 12, is seriously injured. The crime, the most brutal in the history of the community, took place during the early hours of the morning at the home of John Grant.

It was not discovered until several hours later when neighbors happened in and found a human slaughter house.

Grant regained consciousness long enough to tell in part what had happened. Hoffer was traced to his home, a short distance away and there his body was found, his throat cut from ear to ear with the same knife he had used to kill little Evelyn Grant.

Hoffer was at liberty under \$1,000 bail as a result of charges having been preferred that he had made improper advances to 11-year-old Evelyn Grant. "Some years ago he was sent to the penitentiary for a similar crime. Although sentenced to 14 years imprisonment he was released a short time ago on parole and returned to this community."

## HIGHTOWER HAS A NOVEL DEFENSE

REDWOOD CITY, Calif., Aug. 19.—William Hightower will set up the defense that he is an idealist to whom such a crime as the murder of Father Patrick E. Heslin, with which he stands charged, would have been impossible.

This was disclosed today in a letter he has written to Mary Pickford, asking that one of her secretaries recall if possible, a letter of sympathy which he wrote about the time the motion picture star was in England, advising her to disregard criticism of her divorce and remarriage. "I am in jail accused of a terrible murder," says the letter, "and I am not only innocent of this revolting crime, but from my very nature it would have been impossible for me to have had anything to do with such a crime. One of the points that I wish to make in my defense is that I am an idealist to whom such a crime would have been impossible."

The letter he wrote to Miss Pickford, he says, will assist in establishing him as an idealist.

### ELDER STEVENS GOES EAST

Elder J. Adam Stevens, who has held an important secretaryship in the Pacific Union Conference, which has headquarters in this city, has just accepted the general secretaryship of the Home Missionary Department of the General Conference in Washington. He and his family left for the capital last night. He will find there quite a colony of Glendallians, as F. A. Coffin, who lived for many years in Glendale, is there, also Elder E. E. Andross and M. E. Cady.

### CLASH IS IMMINENT

BERLIN, Aug. 19.—A clash is threatened between Hungarian and Jugoslav troops on the frontier near the Danube river, according to reports from Budapest today.

## PRESBYTERIANS TO INSTALL CHIMES IN NEW CHURCH

Plans of Architect Robert H. Orr Are Approved; Also Tower and Bells

The plans of Robert H. Orr, architect for the proposed new Glendale Presbyterian Church, were submitted at a joint meeting and banquet of the three official boards of the church last night, and so delighted all members that they were approved with minor changes. The cost will be about \$150,000.

They provide for a main auditorium and gallery that will seat 1400 persons, and for a social hall below where 600 can be seated at banquet tables.

Separated by an open court from the church proper will be a very up-to-date Sunday school plant, which will make such provisions in the way of assembly and class-rooms that each of the five departments—beginners, primaries, juniors, intermediates and seniors—will be practically separate and distinct from all others. In making this provision the church officers have in mind an all-the-year Bible school similar to the one the church has maintained during the summer vacation.

### Quarters for Meetings

Adequate quarters for women's work in social service and missionary lines will also be provided and Mr. Orr will meet the women of the church next Tuesday to go over the plans with them and receive any suggestions that may be offered for betterment.

The building, which will be of the true Gothic type, will have a large tower between the church proper and the Sunday school plant, which will be 102 feet high and contain a set of chimes. On the first floor will be the pastor's study and the church offices which will be open at all times.

### Brick and Stone

Brick will be used in construction with stone trimmings, and the cost is estimated at not less than \$150,000. It will probably exceed that sum as the church and the allied plants will completely cover the site of 150 feet square at the corner of Louise and Harvard.

### W. J. Clendenin Presides

W. J. Clendenin presided over the meeting as chairman of the building committee, and a brief address was made by Dr. J. K. Glickerson, president of the Board of Deacons, and chairman of the finance committee, relative to financing the project.

H. L. Finlay, superintendent of the Sunday school, talked about the importance of the provisions made for that branch of church work, and others present gave expression to their appreciation of Mr. Orr's work and their approval of his plans.

A delicious dinner was served by the women of the church and all members of the three boards were present as follows:

### Elders

H. H. Shumaker, W. H. Boyd, R. P. Isitt, clerk; R. A. Petersen, H. L. Finlay, W. J. Clendenin, G. G. Lemon, H. L. Howe, J. A. Newton, H. L. Brown, J. E. Colvin, M. P. Harrison, J. R. Baker, G. D. McMill, M. M. Stahl.

### Deacons

H. J. Lawrence, G. B. Porter, Sec'y.; N. H. Stanley, G. F. Daugherty, H. C. Rettberg, J. K. Glickerson, chairman; R. T. Lyons, W. E. McCormick, J. W. Boyd, F. G. Taylor, J. W. Cooper, R. D. King, R. C. Kelley, F. W. Harper.

### Trustees

T. W. Preston, chairman; J. M. Fife, W. S. Perrin, C. E. Boss, J. B. McClellan, T. Welton.

## LOCAL TENT INVITED TO ALL-DAY PICNIC

Mary Jane Gillette Tent, Daughters of Veterans, has received an invitation to attend the all-day picnic in Pepper Grove, on the grounds of the Old Soldiers' Home at Sawtelle, Monday, August 22, at 10:30 a. m. The governor and his staff will be honor guests on that occasion, and the hostess tent that is giving the picnic is Anna Ella Carroll Tent No. 9.

Several members of the local tent were guests last night at an affair given by Helen Jean Christy Tent No. 17, at which the department president and most of her staff were present. The Glendale tent was represented by Mrs. Winona Crawford, Mrs. Dora Hall, Mrs. Almina Bullock, Miss Audrey Hall, and Robert Taylor, of N. P. Banks Post, G. A. R., was also present.

## INCURABLE INVALID RELEASED BY DEATH

Caroline Goodrich, who has been ill of an incurable ailment for a long time, died this morning at the Glendale Research hospital. She leaves a daughter, Mrs. Whipple, who has a studio at Laguna Beach, and a nephew, J. G. Gould, at the same place. The remains are now at the L. G. Scovena parlors awaiting instructions from relatives regarding funeral services.

The first known typewriter was patented in England in 1714.

## LEGION DELEGATES TO LEAVE FOR NORTH

Attorney James F. McBryde, chairman of the delegation which the Glendale Post, American Legion, is sending to the convention to be held in Yosemite valley from August 22 to 26, says that his party will leave this afternoon about 4 o'clock. It includes Commander Emil Kiefer, Bert Richardson, Vincent Salmacia and Nish Parsepian, who is taking the delegation in his car.

They expect to do some sight-seeing along the way, and to reach the Yosemite Sunday, in time for the executive meeting and a caucus of representatives from the ninth and tenth congressional districts. Mr. McBryde, who is chaplain and a member of the executive committee of the local post, attended a caucus of representatives of those districts in Los Angeles on Thursday evening.

State Commander Burton Pitts will leave today by boat for San Francisco, and will go to the Yosemite from there.

About the only institution that will run on forever without advertising is a bad reputation.

## NEALE DEVELOPS ARTISTIC TALENT

C. E. Neale has developed into a scenic artist. If any one doubts this declaration let him visit the store windows of the Neale & Gregg hardware company and see for himself. There he will find a very realistic campset framed in shrubbery of the hills, lilac, sumac, and other chaparral, with a campfire inviting the coffee pot to perch over the flame, a log bordered lake, stacks of guns, fishing rods, and other sporting paraphernalia.

The great feature, however, is the deer swinging by the heels which the firm declares Mr. Neale got on Broadway at close range. Neale reserves particulars but says the general statement is true.

Mrs. E. Ewell Smith, mother of Mrs. Mattison B. Jones, and F. W. Pigg and Mrs. E. W. Evans of this city, is the purchaser of the Baldwin home at 903 South Central avenue, the sale of which was reported several days ago.

## SISTER OF AMERICAN ACE VISITS HERE

Miss Anna Marie Luke of Phoenix, Ariz., who, with her parents, has been spending the summer at Santa Monica, is the house-guest of Mr. and Mrs. G. O. Piercey of 509 Patterson Drive. The Luke and Piercey families were former neighbors in Phoenix.

Miss Luke's brother, was a famous American "ace" and was killed in action while fighting over the German lines in the summer of 1918. Luke, who held the world's record for the dismantling and setting up of an aeroplane machine gun, was known as the nerviest aviator and at that time destroyed more enemy observation balloons than any American flier.

W. R. Phelon, Cameron Thom, John A. Logan and Eldon Patterson of this city will be guests tonight at a banquet which is being given tonight at the Union League Club, Los Angeles, by Battery D. California Volunteers of the Spanish-American war in honor of Lieutenant Colonel and Judge Advocate George McKeeby. The four local men served under Col. McKeeby in the Spanish war.

## ARCHITECT BUYS GLENDALE HOME

The house at 501 West Patterson avenue, recently built by Mrs. E. P. Ranson, has been sold to George R. Postle, of the Postle company, architects, structural and civil engineers, with offices at 631-33 Van Nuys building, Los Angeles. The property was sold for \$7000, and the sale was made through Edith M. Osborne, 210 West Doran street.

George R. Postle, the purchaser, formerly lived in Elgin, Ill. He is a graduate of the architectural and engineering department of the Illinois State University, and has been granted a license in the state of California. H. R. Postle, also a member of the firm, had charge of the engineering work in Glendale when the city was first laid out.

Miss Cymbel Taylor, teacher of domestic science, who has been spending the summer in Fort Worth, has returned to Glendale and is at the home of her sister, Mrs. Allie Anderson on East California. Mrs. Ellen Gillan of Greenville, Tex., is also the guest of Mrs. Anderson.

## TO TAKE UNIVERSITY WORK AT BERKELEY

Mr. and Mrs. E. S. McKee, of West Chestnut street, have returned from an auto trip to the north, where they went to take their daughter, Miss Mildred, to enter the state university at Berkeley. She has already taken the first two years of the work in the southern branch. The school opened Monday and she has written her parents that after seeing what was done to the freshmen she was glad that she was not enrolled in that class.

Robert Carmack is also attending the university this year, and "Brick" Beach, who went to Columbia last year.

Dr. and Mrs. C. A. Brandstater, 401 West Wilson avenue, will entertain the members of the choir of the Adventist Church and their friends, at their bungalow at Manhattan Beach on Sunday.

### AMERICA ON DECK

WASHINGTON, Aug. 19. — American participation in the international exposition at Rio de Janeiro, Brazil, in 1922, was authorized by the senate foreign relations committee today.

## RECEIVES A LARGE NUMBER OF GIFTS

Miss Alice R. Wright, whose engagement to A. E. Harwood was recently announced, was the honoree at a pretty party and shower, given last evening by Miss Hazel Walters at her home, 1136 East Elk avenue.

The early part of the evening was devoted to games, and then refreshments were served to the eighteen young ladies present. At the conclusion of the feast, Miss Wright was blindfolded and required to pin a paper arrow on a paper heart, which had previously been located by her. During the interval while she was thus engaged, the "Good Ship Matrimony," with all sails set and freighted with many pretty and useful gifts, was brought in and placed before her. For the pleasure of her fellow guests as well as her own, the ship was unloaded and the cargo unwrapped for the inspection and admiration of the company.

That comet missed an excellent opportunity. There will probably never be another time when an end of the world will cause so little regret.

## COUNCIL PETITIONED FOR EXTENSION OF STREETS

Desire Hawthorne and Ivy  
Streets Opened to San  
Fernando Road

Petitions were received last night by the Glendale City Council from property owners living in the region of Hawthorne and Ivy streets, west of Pacific, asking that the council take legal proceedings for the opening and extension of Hawthorne and Ivy streets from Pacific avenue westward to San Fernando road, the property owners along these streets agreeing to pay for such proceedings.

These petitions were signed by J. S. Stine, 514 West Broadway; O. G. Rudie, 532 West Broadway; A. P. and Maude Offutt, 355 West Broadway; Mrs. Elizabeth S. Bucher, 610 West Broadway.

The following signed these petitions with the provision that the proposed opening and grading does not exceed \$1 per lineal foot: Anna C. McGowan, San Jacinto, and C. E. Blake, San Jacinto.

Both of these petitions were referred to the city engineer to report on the frontage represented, at the meeting of the Council next week.

## SIDE LIGHTS ON CITY COUNCIL MEETING

Mr. Butler of Burbank addressed the City Council last night, asking whether he can make arrangements to collect garbage in Glendale. Referred to city manager.

Mrs. E. D. Yard was appointed by the council as a delegate to the convention to be held September 6 and 7, at Riverside, at which a movement will be started for the handling of claims of wounded exservice men.

An application for a permit to do street work under private contract was received from W. H. Reynolds, the work to consist of a five-foot cement sidewalk, and the location being on Kenneth road. An application was also received from J. W. Henderson to do street work by private contract at 367 West Harvard street. As both these applications had been previously approved by the street superintendent, they were granted.

Applications were received by the council from Ida Auerbach, 700 South Adams, and Eugene B. Franquiere, 826 South Mariposa, for permits to sell milk, both having previously been approved by the city milk inspector. The permits were granted.

An invitation was received from Howard Robertson, president of the public service department of Los Angeles, to Glendale, asking that the public attend the Industrial and Trade Exposition now being held in Los Angeles.

At the meeting of the committee of the whole, which preceded the regular council session, it was decided that on August 22, the trustees will meet with the school board of Glendale, in the city hall. The purpose of the meeting will be to decide upon some way by which the streets surrounding the various schools of Glendale may be improved.

P. Diederich, superintendent of the public service department, has been instructed by the City Council to purchase two Ford trucks for use in his department. The cost of these trucks will be \$625.95 each, and the purchase of these vehicles will be made at once.

On motion of Councilman Stevenson, ordinance No. 468 was adopted, this being entitled, "An ordinance of the Council of the City of Glendale, changing and reestablishing the grade on a portion of Milford street, Doran street and Lexington drive, within the City of Glendale."

Another ordinance entitled, "An ordinance of the Council of the City of Glendale establishing the grade of a portion of Chestnut street within the City of Glendale," was ready and laid over.

An ordinance entitled, "An ordinance of the Council of the City of Glendale establishing the grade of a portion of Orange Grove avenue within the City of Glendale," was offered by Councilman Kimlin. This was adopted.

The council adopted a resolution entitled: "A resolution of the Council of the City of Glendale declaring its intention to improve a portion of Maple street and certain streets and alleys intersecting therewith, within the City of Glendale, and describing the district to be assessed to pay the costs and expenses of said improvement, and providing bonds for the payment of the same."

Mrs. Bernice Wheeler has moved from her home on Glendale avenue to Sunland in the hope that her health will benefit by the change.

## LICENSE TO OPERATE DOG KENNELS IS NOT REVOKED

The question of revoking the license to operate a dog kennel at the west end of Riverdale Drive, granted some time ago to J. A. Benjamin, which was carried over from last week, came up for discussion again at the meeting of the city council last night.

The petition which was offered by the residents and property owners in the region of the Benjamin property bearing 105 signatures, reads as follows:

"We, the undersigned city of Glendale property owners, renters, etc., on or near the district of Riverdale Drive and San Fernando boulevard, do hereby petition you, gentlemen of the city council of the city of Glendale, to revoke the license granted to one J. A. Benjamin, granting the right to erect a dog kennel on the corner of San Fernando boulevard and Riverdale Drive. We consider it disgraceful to the neighborhood from its unsightliness, the nuisance of the noise and odor arising from same. We believe in beautifying our lovely city and in keeping the streets that are beautiful from being ruined by high fences. So far as we can learn the permit was granted without our having a chance to object."

City Manager Reeves reported that he had investigated this dog kennel proposition. "I find that Mr. Benjamin is trying to do nothing that would injure the property around his home," said Mr. Reeves. "It seems to me that he is trying to be very fair in this matter. Although we could not compel him to do so, he has voluntarily moved his fence back farther in the yard, and I happen to know that this work alone cost more than \$200. Mr. Benjamin stated to me that he will not keep on an average of more than eight dogs at his kennel at one time, possibly with the exception of the times when puppies arrive. It seems to me that this man has selected a location as far from the center of the city as he could and still be in Glendale. Personally, gentlemen, I see no reason why this license should be revoked."

The council decided to do nothing in the way of revoking the license.

## PERMIT FOR REST HOME IS GRANTED

The question of granting Mrs. Long, 603 West Broadway, a permit to maintain a rest home, came up again last night for consideration at the meeting of the City Council. This matter was bitterly contested at last week's council meeting and was finally defeated. Councilman Stevenson presented the question again last night, and offered such convincing arguments in favor of granting the permit that Councilman Kimlin finally switched over to the "ayes."

"There is absolutely no just reason why this permit should not be granted," declared Councilman Stevenson. "This body has granted permits of this kind without number in the past, and for the life of me, I cannot see why such a to-do is being made in this case. I believe we should treat everyone alike, and if we begin to favor one party at the expense of another, there is going to be trouble. And let me say right here, gentlemen, I do not know this lady from Adam."

Councilman Kimlin stated that in his opinion Mrs. Long should be granted this permit. "She has as much right to it as has anyone else who is in the same business in this city."

"There you go," exclaimed Mayor Robinson, "voting against your own sanitarium."

"With me," laughed Mr. Kimlin, "it is a matter of principle."

When the vote was taken the result stood: Ayes, Stevenson, Kimlin, Davis; noes, Robinson and Lapham.

## SMALLER DISTRICTS FAVOR ANNEXATION

A canvass of votes cast in the recent annexation election held by the residents of the Sierra avenue district on August 11, took place at the meeting of the City Council last night. The canvass showed 18 votes in favor of and 6 against the measure.

This result shows that the small sections lying outside the city of Glendale on all sides are finding that it is wise to annex to Glendale. First, it is a section on the west which wishes to become a part of the city, then it is one on the east and a little later, a section on the north. These small outlying districts are finding that by remaining outside the city they are missing practically all of the advantages that are to be derived by being a part of Glendale, and for this reason, they are "coming home."

A resolution was adopted accepting the Sierra district as a part of Glendale, and the city attorney was instructed to prepare an ordinance to that effect.

Some calves grow up to be beef, and some are sacrificed to make chicken-salad sandwiches.

## PROPERTY OWNERS PAY FOR LAYING OF MAINS

The question of whether the city should pay for the laying of mains in newly opened territory, came up for discussion at the meeting of the Glendale City Council last night. Mr. Smith, who is doing some building in Glendale, appeared before the council, saying that he represented the property owners on Chestnut street from Coronado to the eastern limits of the street.

"The main runs only as far as Everett street," said Mr. Smith, "and although this road has been cut through and used for years, no mains have been laid east of that point. The residents along that stretch want to build some homes, and therefore need the water. They want to know whether the city will stand the cost of laying mains along this particular stretch. The chances are that if the property owners have to stand this expense, they will hold up improvements, at least indefinitely. They want some information from the council. The distance to be covered is approximately 500 feet."

"The old board," explained Councilman Stevenson, "acting upon the wishes of the people, decided that the property owners along the streets should pay for the laying of mains in newly-opened districts. This was decided by the people themselves at a straw vote. You see, it is a question of raising the water rates, voting additional bonds to pay for the laying of these mains, or make the property owners benefited by the improvement pay for the laying. The people voted to adopt the latter plan, and so we have no other course to take."

Mr. Smith argued that, according to his way of thinking, there should be some difference made between streets that have been used for years and new subdivisions.

He was assured by the council that when the straw vote was taken, the people understood that the question involved all sections which, at that time, did not have water service.

## CITY PAYS ELKS FOR BIG FLOAT

A communication was received last night by the Glendale City Council from the Glendale Elks' lodge, acknowledging the receipt of a warrant for \$500, which amount was given by the city to help defray the expense of the Glendale lodge float at the convention parade in July. The communication was as follows:

"I am in receipt of the city of Glendale's check for \$500, on account of the donation given by the city to assist the Glendale lodge in its expenses during the grand lodge convention in July."

"Permit me to thank you, and through you, the trustees of the city of Glendale, for their kindness and courtesy in this matter. I beg to assure you that we did all we could to bring the name of Glendale before the visitors at the convention, and trust that you feel that the money so generously voted to us was judiciously and profitably expended."

"W. M. KIMBALL, Secretary."

## CITY MANAGER GETS RAISE IN SALARY

At its regular meeting last night, the Glendale City Council passed an amendment to the city salary ordinance, the purpose of which was to increase the salary of the city manager from \$290 a month to \$350 a month. The salaries of none of the other city officials were altered in any way.

## JUDGE LOWE IS HIGH- PRICED INSTRUCTOR

About the largest class Judge Lowe has yet had in the science of traffic law observance, received rather costly instruction today. The session began at 9:30 a. m. and will probably continue until 6 o'clock or later, this evening. The class numbers 56, and the tuition fees will probably total several hundred dollars. The first pupil heard paid \$15 for her lesson.

## APPLIES FOR POSITION

J. W. McCoy, who is now employed at the Mushet Audit company of Los Angeles, made application last night at the meeting of the City Council, for position as city controller of Glendale. The communication was placed on file.

## NEW PERMITS GRANTED

At the meeting of the city council last night a permit to operate a garage at 400 East Broadway was granted to H. C. Ferguson, as was also a permit to M. R. Matson to erect an oil station on the San Fernando road just east of Forest Lawn cemetery.

Mrs. E. K. Harris and Mrs. C. B. Guitard were luncheon guests one day this week of Mrs. H. Mangan at her home on Harvard. Mrs. Mangan has recently returned to Glendale after a residence in Los Angeles.

## CAMPAIN TO OPEN UP BLIND STREETS

A petition was presented to the City Council at its regular meeting last night, signed by numerous property owners living in the region of Raleigh street, asking that the council take the necessary legal steps for the opening of Raleigh street from its eastern terminus to Adams street, a distance of about 1125 feet.

During the discussion that followed, the reading of the petition, Councilman Lapham stated that in his opinion all of the short, blind streets of the city should be opened up to some principal street.

"Over in the western part of the city," said Mr. Lapham, "that is the very thing we are doing, and I believe that is the only way that sections of the city which have blind streets can make the growth they should make. People do not want to buy property on a blind street, as a rule, and if all of the sections of the city are to grow as they should, these short streets should be cut through."

"I am in sympathy with the signers of this petition," declared Mayor Robinson, "and I think this street should be cut through. As a rule, when streets are left in a stubby blind condition, it is because some large property owner holds up the improvement work through selfishness. But before we do anything in this matter, I believe it would be well for the members of the council to go and look the proposition over. I have no doubt but that the work will be ordered done. I feel confident that all we will have to do is to go up Raleigh street to its eastern terminus, see how the street is chopped off when it should be run through. We will all say: 'Let the good work go on.'"

So confident was the council that it would order these legal proceedings started, that it instructed the city attorney to prepare a resolution of intention for the opening of Raleigh street, as requested in the petition.

## REEVES HELPS PUT SPELL ON TEXAN

W. H. Reeves, city manager, was hurrying along the street yesterday when he came upon E. F. Sanders, assistant secretary of the Chamber of Commerce, spellbinding a tall Texan who had but recently landed in Glendale, telling him of the wonders of this fastest growing city in the nation and convincing him that a membership in the Chamber of Commerce was absolutely necessary to his peace of mind. Mr. Reeves was introduced to the newcomer and he, launched forth in praise of Glendale. When he let up for a moment the Texan exclaimed: "Well, if all the citizens of Glendale are like you two, I don't wonder your city is the wonder of the country. You are certainly the best boosters I ever met up with and here is where I want to live. I'm with you for the further upbuilding of this grand little city."

## REGRAIDING OF ISABEL STREET IS REQUESTED

At its regular meeting last night the city council received a petition, signed by W. C. Parker and a number of other property owners fronting on Isabel street, requesting that the council take legal proceedings for the reconstruction of the entire roadway of that street by regrading and resurfacing of the same. The petition stated that the signers understood that the cost of this improvement will be approximately \$43 per 50-foot lot. This petition was referred to the city engineer with instructions that he check up the frontage represented and report next week to the council.

## ASK PERMIT FOR STAGE

Harry A. Wilson has just sold his interest in the Pasadena-Ocean Park stage line, which runs through Glendale, to N. A. Webb of Pasadena, F. S. Hendricks and D. E. Hamilton. The new owners have made a request to the city council that the permit granted to Mr. Wilson be transferred to them. This has been referred to the city attorney for opinion as to whether under its terms the license can be collected for each vehicle employed in service.

## HERE IN GLENDALE

The following changes of residence were indicated on the records of the Public Service Department yesterday: J. A. Burson from 142 South Isabel street to 600 East Colorado; B. J. Stratton from 207B North Isabel street; Mrs. Alice McFarish to 639 North Orange street; Franklin Shuey to 368 Ivy street; Mrs. I. M. Ringstrom to 124 North Isabel street; A. D. Merry to 434 Milford street; G. L. Betts to 513 East Palmer avenue; G. R. Wells to 501 Vine street; H. M. Casebeer to 207B North Isabel street; William Hunter to 107 East Lomita avenue.

Light meters were ordered installed in nearly completed residences, as follows: M. A. Strum, 319 Fairview; Charles Sterzing, 440 Oak; T. W. Carroll, 614 South San Fernando road; W. Daub, 444 West Dryden; A. D. Merry, 439 Milford.

## IMPOSSIBLE FICTION

It happens not infrequently that one throws down a book in disgust. Impossible! Absurd! The plot is too unreal. The reader sickens of the account of the poor plow boy finding the hidden treasure and suddenly becoming the richest man in the land. It doesn't happen in real life. Why must authors fill up readers on such impossible fiction? And so the angered reader hurled down the book and picks up the daily newspaper for some real facts, some bread-and-butter news, something that is not fiction.

And what does he read? From Laporte, Ind., last week came the news that one Walter Bunton will be paid \$1,000,000 and 2 cents per pound royalty for his patent on tempering copper. Bunton is an overseas veteran with a wound stripe. Since the war he has been working in the shops at Laporte. He is untrained in science or laboratory work, but he knew that tempered copper meant a fortune. One day a picture from an old encyclopedia lying on an ash heap caught his eye. He picked up the charred sheets and found an account of an old Roman metallurgist who knew how to temper copper. The secret had since been lost. Bunton read the pages and went to work. Soon he rediscovered the method, and now he is a millionaire, with huge royalties soon to pour into his exchequer. Tempered copper is the hardest metal known, with the possible exception of "steelite," and it means a revolution in cutting tools. Judge Gary, of the United States Steel Corporation, who bought the patent, seemed pleased at the price.

These are facts. Turn again to your novel to see if you can find there something quite as impossible. Whoever it was that said truth is stranger than fiction said a mouthful.

## THE SCOUNDREL NATION

It seems that a state of disorder, bankruptcy and political failure is not enough to prove the follies of Lenin and Trotsky, master exploiters of a vast empire. Today thousands are dying of hunger in Russia and, though food is ready for them, the matter of delivering it to them is held up because no one can deal with the soviet government. What further proof could there be of the wreck of Russia in the hands of these two arch communists? The problem which the American relief administration faces is not unlike that of one who would feed the children of a scoundrel, but who has no assurance that the scoundrel will not rob his own children of the food.

Russia has been asked to liberate Americans held captive in Russia as an act of good faith, showing that the soviet government would allow the food to go to the needy. But again the situation becomes complex. Contradictory reports come from Russia, some saying all American prisoners have been released, others declaring that only a few have been given their freedom. There is no faith or veracity in the reports coming from Russia. It is an impressive lesson, a lesson which should sear itself upon the minds of posterity for generations to come. It is impossible that a government could ever sink lower in the respect of civilized powers.

President Obregon's popularity in the United States continues to grow. Even small boys and girls are beginning to quote the Mexican president in a careless way, saying right smartly, "I would rather teach my people to use the toothbrush and the bathtub than the 44-calibre gun." Of course, small boys wouldn't rather do that, but they know the quotation, which is the thing. Where would the great men of the past be if it were not for these familiar quotations? How many people can write 25 words about Patrick Henry? And yet everybody knows he said, "Give me liberty or give me death."

The proposal of the House ways and means committee to increase from \$2000 to \$2500 the income tax exemption allowed married men having incomes less than \$5000 will strike a popular chord with a large army of income tax payers.

## GRAVE AND GAY

### How Mean!

Mr. Cholly Shallowplate—They say that a little learning is a dangerous thing.  
Miss Kitting Hintz—Fear not. You're a long ways from the danger signal.

### Not Many Pieces Left

Mrs. Smart—But if your laundress charges you by the piece, it must be rather expensive.  
Mrs. Wise—Oh! no. She loses so many pieces that her bills are never high.

### Exactly

He—Yes, a married man lives a dog's life.  
She—Yes. Barks all day and growls all night.

### Loosening Him Up

"Senator Snugg is terribly hide-bound, isn't he?"  
"He was until the newspapers ripped him up the back."

### New Model Needed

The real objection to a butter-knife is that it isn't sharp enough in winter and isn't enough like a spoon in summer.

### Change of Expression

"City people used to laugh at the farmer."  
"Yes," said Farmer Cornstossel. "Now he's got so proud and prosperous they make faces at him."

### Briefly Described

"What is velocity?" asks a science journal. We have always thought that it was the thing with which one lets go a wasp.

### Stung!

She wed a man of high estate, But found, to her despair, His high estate was nothing but A castle in the air.

### What He Wished

Cook (extracting folded paper from an envelope)—I wish that this bill from my tailor was like a glass of muddy water.

Hook—What's the explanation?

Cook—A glass of muddy water settles itself if allowed to stand.

### Entirely So

Judge Freedom—So Judge Cortly is going to dine at your house. What do you say if I do too?  
Lawyer Cortly—I shall say it's an unexpected honor.

### Strict Obedience

"When that henpecked man's wife told him to beat it, he never moved a foot from where he was."  
"So he defied her?"  
"No, he kept on beating the carpet."

### Free Advice

Humor—Well, I didn't have to pay the doctor.  
Us—Why not?  
Humor—He treated me.

## WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

### Helpful Hints

**If the Cream is too Thin**  
To whip up quickly, add a tablespoonful of cocoa to each cupful of cream. The mixture soon thickens, and, with the addition of sugar, makes a good cake filling or pudding sauce.

### A Piece of Court Plaster

Placed in the crevice between the index finger and the thumb when pruning rose-bushes, shrubbery, etc., or cutting heavy material, will prevent a blister or corn from friction of the scissor's handles.

### Instead of Grating

The rind for lemon pies, throw the whole rind into a filling for a few minutes before putting in the thickening. When ready to thicken, take out the rind and proceed as usual. The juice is all used and the flavor is fine.

### When You Line a Hand-Bag

Make the lining half an inch shorter than the outside. The weight will rest on the lining and the bag will last much longer.

### When Making a Support for Sweet Peas

To climb on, make it of cord rather than wire, as the sun heats the wire, causing the vine to burn and die.

### To Keep Asparagus Fresh

When you must cut it a day or so before using it, bury it in cool, damp soil. It will keep fresh and crisp for two or three days; this is helpful when you want to combine two cuttings.

### To Remove Paint From Glass

After it has become dried on, I have found steel wool, the size that is used to clean aluminum, excellent.

### When Your Thread Wraps Around The Machine

And breaks, cut a piece of cloth larger than the spool and put on the top under the spool. This keeps the spool from spinning when drawn by the tension and does away with the tangles.

### To Cook Carrots Without Scraping

Which stains the hands, wash them well and cook from five to ten minutes. Drain and drop in cold water. Remove the skins and finish cooking as usual.

### A Splendid Finish for Pine Floors

Shave one-eighth of a pound of paraffin, and pour over it one quart

of turpentine. In a few hours the paraffin will have dissolved; then add one pint of linseed oil. If the floors are dingy or badly spotted, add a very little oak stain, a drop at a time. Clean the floors thoroughly, and apply the finish with a paint brush. After 48 hours, wax with a good paste wax, and polish. This dressing will not scratch, crackle or water-spot.

**Marred or Roughened Furniture**  
Can be made to look like new by the following treatment: Mix a little powdered pumice stone in linseed oil to the consistency of a very wet paste. Dip a soft cloth in the paste and rub down the damaged surface, always rubbing with the grain.

### To Help an Invalid From Bed

Into wheel chair, without her having to stand, place a piano stool alongside the bed, make it the same level as the bed, then have her slide onto it. Bring the wheel chair alongside the stool, backward. The trip from the stool to the chair can be accomplished without much effort.

### The Finger Tips of New Kid Gloves

Will not wear through if you place a half-inch piece of court-plaster on the inside of each tip. Split places can also be mended with court-plaster.

### Crape Paper for Your Dresser Scarf

In the summer cottage will save laundry work and keep clean much longer than linen. Cut paper the desired width and length. You will be surprised how well it looks.

### Scissors in the Kitchen

A pair of medium-sized scissors, hanging in a convenient place in the kitchen are a valuable help. Following are some of the purposes for which they will be found useful:

For cutting cold meat into cubes.

For cutting celery or green peppers into small pieces for pickles or salads.

For shredding cabbage or lettuce.

For cutting up raisins or dates.

For cutting out the center membrane of a grapefruit in preparing it for the table.

For cutting out the woody core and eyes of fresh pineapple.

For trimming the rinds from breakfast bacon.

After the scissors are used each time they should be carefully washed and dried.

## COMMENT BY OTHERS

### SARTORIAL REVOLUTION

Woe prevails in select circles. Hyperdashers and modistes are waiting to the heavens against a sartorial revolution that has come on the heels of the orgy of spending that took place in the mad, capricious year of 1919; for elegance no longer is to be silk clad as to shirts and socks and \$10 cravats for mere men, nor does milady believe that it requires upward of \$2500 or \$5000 a year to clothe her properly as to fashion and social standing. A brief and pertinent question just naturally asks itself. It is: "Why?"

It seems that the well-dressed men became disgusted, so to speak, because everyday fellows, who worked with their hands, bought festive raiment, no matter what the cost, and thus silk shirts, sportive socks and rich neckwear became plebeian in a degree that was repulsive. The men about town, however, had to have haberdashery goods, and they turned for relief to less expensive materials, plainer fabrics, investing them the while with a new value by giving them the vogue. Fashion found a way after all to curb this tendency for rich embellishment of elaborate garments. Nothing has been advised as to what the present owners of the costly raiment will do, but it is a foregone conclusion that they will retallate in some way, probably by eschewing their wardrobes and stocking up with linens, polo cloth garments

and those made of soisette like the well to do have done. Both elements just will be stylish and the only difference is that one gets there just a little ahead of the other.

A theory has gone to smash, destroyed by milady who says variously that from \$2500 to \$5000 is enough to adorn her with seasonal decorations in wearing apparel. One Newport society leader is being praised for gaining the reputation of being the best dressed woman there on \$5000 a year. It is marvelous that she could do it! Drifting out to the middle west, where more of Abraham Lincoln's blessed common people live and keep the world moving on, the sum is cut in half. Chicago women say it is ridiculous to spend more than \$2500 a year to be well dressed. Anyway the modistes are nursing hurt feelings today because their expensive and luxurious creations are not in such strong demand. Times change, just like fashions.—Sioux City Journal.

Fairy tale, No. 46,372: "A one-man top."

He laughs at grouches who never felt a wage cut.

Modest dress: Any dress worn by a modest woman.

Beauty is still skin deep. The depth hasn't changed, but only the area.

### STATE FLOWERS

Most of the states have formally selected that flower which to them seems their most appropriate floral emblem. The idea of a flower as the emblem of a country or a ruling family is an old one. For centuries Scotland has been spoken of as the land of the thistle, though it stretches one's fancy almost to the breaking point to think of a thistle as a flower. The shamrock in Ireland is another example of a floral or, more properly speaking, a vegetable symbol. A stronger example of this kind is the leek which stands for Wales. Then there is the rose of old England, and the lily of France. If Holland has a national flower it would seem that it ought to be the tulip.

Long before the question of state flowers came to agitate the school children and the rest of the American public, and to perplex legislatures, Kansas was known as the Sunflower State and Maine as the Pine Tree State. Virginia, by act of its legislature, has adopted the dogwood blossom, and Maryland, also by act of

its legislature, has chosen the black-eyed Susan. The West Virginia legislature chose the rhododendron; North Carolina, by popular vote, elected the common, yet beautiful, daisy; Delaware's legislature voted highest honors to the peach blossom. A number of years ago, Pennsylvania tried its hand at the selection of a state flower and the governor wrote his veto on the legislature's choice. The legislature, after long and acrimonious discussion, voted in favor of conferring the palm on the mountain laurel, or, rather, on the blossom of the shrub. Governor Brumbaugh vetoed the bill on the ground that mountain laurel is poisonous and that there is no public sentiment in favor of it.

All the states have chosen state flowers except Pennsylvania, South Carolina, Missouri and Tennessee. The goldenrod has not fared so well as its friends thought it should, and it is the state flower of only two states, Alabama and Nebraska. Rhododendron is the flower not only of West Virginia, but of Washington state, and mountain laurel is the choice of Con-

nectant. While Delaware has chosen the peach blossom, Florida has the orange blossom, Michigan the apple blossom and Oregon the Oregon grape. California has chosen the golden poppy, Louisiana and Mississippi the magnolia; Nevada, sagebrush; New Mexico, cactus; Oklahoma, mistletoe; Vermont, red clover, and Wyoming, the Indian paintbrush.

The violet won first honors in Illinois, New Jersey, Rhode Island and Wisconsin; the rose in New York, the Cherokee rose in Georgia, the wild rose in Iowa and the wild prairie rose in North Dakota.

### NOTICES

**FOREST LAWN**  
Cemetery Mausoleum  
Crematory  
"Among the Hills"  
Junction Glendale Avenue and San Fernando Road

Glendale Chapter of the American Red Cross is planning an intensive campaign for used clothes for shipment to needy persons in Central and Eastern Europe. This phase of the foreign production program is being conducted in cooperation with the American Friends Service Committee. Nation-wide appeal for contributions of used clothing is being made through The Saturday Evening Post, The Ladies Home Journal, and the Country Gentleman, in which prospective donors are instructed to get in touch with the nearest Red Cross representative or Chapter.

The call is for all kinds of warm and serviceable clothing in good condition, or for materials out of which to make garments. The local Chapter will receive contributions during August, and every interested citizen in Glendale is urged to remember that some garment he can do without may be just THE garment that will save the life of some suffering child. Garments for all ages are badly needed. They should be clean and in good repair.

Distribution is made in Czechoslovakia, Austria, Hungary, Poland, the Balkan and Baltic States, by the American Red Cross, through its Child Welfare Units, and in Poland, Austria, Germany and Russia, by the American Friends Service Committee. Working in close cooperation in the countries in which both organizations are active, their representatives are careful to avoid duplication of effort. Clothing may be left at the fire stations on East Broadway and Los Feliz road, and also at 347 North Brand Boulevard.

MRS. H. E. BARTLETT,  
Chairman

### SEVENTH-DAY ADVENTIST CHURCH

### FOUND

**FOUND**—White Bull Terrier, black over left eye. Owner's name on collar. Apply at the Glendale Daily Press for information regarding same.

### LOST

**LOST**—White Bull Terrier, left side of face black. Name "Buster." For any information as to whereabouts or return of dog to Mrs. Walker at the White Inn, a reward will be paid.

### MONEY TO LOAN

**MONEY TO LOAN** on improved farm, city and suburban property. Building loans. Amount to suit. Collateral loans on mortgages, trust deeds, stocks and bonds. 321 East Palmer Avenue, Glendale.

**Joyful Jangling Cash**  
Waits for You to Call  
(Continued from page 1)  
everything you and everybody else need, and "gives you service as you want it." Just note its name and address.

There are only three more visits before you cash in. Find out who is the Nash agent in Glendale, call him up and ask him the name of the manager. Then hit up the homestretch and ask anybody who is handling the Brunswick phonographs and records exclusively in this city. There is only one—you can't miss.

**Call Up Lumber Company**  
After which drop into the telephone booth and call up the Bentley-Schoenman Lumber company and demand of the man who answers the phone what new department has been added to their business lately.

Step on her hard, open her up wide, and tear up the asphalt, until you reach the Glendale Press. If your list of information is correct, there will be a \$10 bill handed to you right over the counter. If it is not the first correct one that has arrived, you may get \$7, and so on down, until you get \$3. You will go away with some reward for a little fun and getting acquainted, for there are five watches, good ones, to compensate you for your time, and also five parasols.

**You Get Acquainted**  
But, better than this, you will have learned something intimate about the business of leading Glendale merchants and have shown a spirit of cooperation that is worth more to Glendale than all of the \$40 prize money. The contest is open to all, young and old, all races and creeds, halt and blind, who can get their information by telephone, so far as the conditions of the contest are concerned.

Phone Glendale 1943

## DOUBLE BILL AT PALACE GRAND

For a program with punch, plenty of action, mystery, thrills and the humorous side of "Life," well cast, it would be hard to get a better combination than the Palace Grand affords today and tomorrow.

The main feature attraction is Curwood's great "northern" story, "The Golden Share," with Lewis Stone, Wallace Berry and Ruth Renick heading a strong cast. To this splendid picture is added a second feature attraction in a Paramount special called "Life." This is a melodrama, filled with all the angles of life as we poor mortals exist. Humorous bits are scattered throughout, so that even though the program is of generous length there are no parts that drag. The northern scenery is a beautiful part of the feature picture.

A Paramount Magazine furnishes a refreshing interlude and one that the kiddies will thoroughly enjoy.

## AUGUST BUILDING REACHES \$305,660

Quite a number of building permits have been issued since yesterday noon, but none for large amounts. The total for the month up to noon today is \$305,660, and for the year thus far, \$2,624,590. Following is a list of the permits issued:

E. L. Young, addition, 325 Milford, George Jeffries	\$ 350
J. A. Riddle, garage, 1063 Justin	150
G. S. Thompson, 4 rooms, 616 Myrtle	2,000
Fred Freitag, 4 rooms, 1227, 1227A, 1229A, 4 permits at \$1700 each	6,800
T. F. Peirce, sleeping porch, 317 Vine	

# \$7.98 Buys a Fine Set of Decorated Dishes

Very useful for bungalow or apartments as a breakfast or luncheon set.

## WHAT YOUR NEIGHBORS ARE DOING

Mr. and Mrs. Otto R. Hinze, 401 Colorado, have just returned from a two weeks' outing in Yosemite Valley.

Mrs. G. M. Johnson, 429 Myrtle street, is entertaining her mother, Mrs. F. H. Slosson, of Pasadena.

Mrs. John King, 315 West Lomita, who has been spending the past week at Catalina, will return home Sunday.

E. H. Elias, 104 West Cypress, will return to his home today, from a week's fishing trip at Laguna Beach.

Miss Coral Griffith, of Valley View road, entertained at dinner last evening Mrs. Anna K. Barr and daughter, Miss Elizabeth Barr of Hollywood.

David Cleveland, 313 West Lomita avenue, will spend the week-end on a deep sea fishing trip with a number of friends from Pasadena.

Mrs. D. W. Huff, 444 West Acacia avenue, and guest, Mrs. Frederica, of Corona, will return tomorrow from a week's stay at Long Beach.

Mr. and Mrs. C. R. Simmons, 640 West Milford street, are the proud parents of a baby girl, born yesterday at the Glendale Research hospital.

Miss Barbara Mitchell and Mrs. Louis Leppleman were the guests of Miss Marjorie Duncan, of Lankershim, at dinner in Los Angeles on Wednesday.

Miss Dorothy Peart, 111 East Elk avenue, returned yesterday from a few days spent at Rim Ridge, where she was the guest of Rev. and Mrs. C. M. Christ.

En-route home, J. H. Huntley and party left Camp Lomita in the Giant Forest yesterday, coming via Visalia and Fresno. They will be in Glendale by the latter part of the week.

Mrs. Francis Gaede, 1513 South San Fernando road, entertained at luncheon on Tuesday for Mr. and Mrs. Charles Pierce and Mr. and Mrs. C. T. Richards of Santa Monica.

Mr. and Mrs. W. E. Cleveland and daughter, Charlotte, and niece, Miss Ethlyn Stowe, of 313 West Lomita avenue, will leave tomorrow for a week's vacation at Balboa.

Mrs. Eunice Peart, daughter of Mr. and Mrs. J. G. Peart, 111 East Elk avenue, will arrive home tomorrow from a three weeks' vacation spent in her old home, Chicago.

Robert T. Lyons, 511 North Jackson street, livestock editor of a Los Angeles daily, has gone to Riverside on a business trip. Mrs. Lyons accompanied him and they will return the last of the week.

Mrs. Robert F. Kitterman and two daughters, Lavera and Kathryn, with Miss Pauline Wilson and Miss Charlotte Cleveland, will return tomorrow from Santa Monica, where they have been spending their vacation.

Mrs. O. J. Alberti, of Enid, Okla., sister of Mrs. O. L. Zook, 633 North Howard street, has recently come to

Glendale, called here by the serious illness of her father, R. Woodmancy, 619 North Howard. Mr. Woodmancy is improving very slowly.

Mrs. W. E. Gigg, 540 Fairmont street, recently entertained at dinner three business friends of her husband's, Mr. Sherrard, J. Bentley and Mr. Maybee. Her little son, Willard Gigg, has returned from the Research Hospital following an operation for the removal of adenoids and tonsils, and is doing well.

Miss Catherine Guthrie has written her grandmother, Mrs. Cole, that the Guthrie party will spend this week in Yellowstone Park, and that they will be home the first week in September.

A. F. Webster, 331 West Elk avenue, is now clerking in a Los Angeles department store, selling men's furnishings. He sold this line, wholesale, in Illinois, for many years, and so feels right at home. Since he sold his grocery store at Park and Brand, over a year ago, he has had too much rest, he says, and is glad to get to work again.

Mr. and Mrs. Harry Greenwalt report attending the benefit performance at Monte Vista, Wednesday, for the Chamber of Commerce and the Monte Vista welfare home, and enjoying it very much.

Mrs. E. C. Cole, 329 Pioneer drive, is leaving in a few days for Ocean Park, where she plans to spend a week.

Mrs. L. W. Thorn of Fairmont avenue, has recently entertained her cousins, Mrs. B. Fullerton, Mrs. Carrie Fullerton and Miss Belle Fullerton of Los Angeles.

Mr. and Mrs. W. E. Evans, 333 North Orange, and Miss Marguerite Eckles, 328 North Orange, will go to Hermosa Beach tomorrow for the week-end.

Mrs. E. P. Ranson, who has recently sold the last of three homes built by her, to George R. Postle of Los Angeles, has purchased a lot on Maryland, north of Doran, where she is planning on building a bungalow of the Spanish type.

Mrs. C. B. Brooks of the Brooks Shoppe, 123 North Brand boulevard, who is now sojourning in Nashville, Tenn., will leave there Sunday and will arrive in Glendale in time for the Industrial and Trades Exposition. Mrs. Brooks finds the eastern humidity just as has been advertised and is convinced that Glendale is the garden spot of the continent.

Miss Olive Hoffmayer of Simi, Cal., is a guest of Miss Mable Eckles, 328 North Orange. Miss Hoffmayer formerly lived in Los Angeles and expects to locate there permanently, upon the completion of her visit here.

Mrs. E. T. Bryam, of North Glendale avenue, had as guests at luncheon on Thursday, her son, W. D. Bryam and wife of San Francisco, Mrs. H. N. Rush of South Pasadena, and Mrs. Albert A. Kidder of Holly-

wood. The affair was a happy reunion of relatives and friends.

Returning from a two months' trip to Twin Falls, Idaho, and Yakima, Wash., where they visited relatives, Mrs. W. S. Caldwell and daughters, Miss Agnes and Miss Eunice of 326 West Wilson avenue, arrived home Wednesday. The trip north was made by train, and the return by boat, sailing from Seattle.

Mr. and Mrs. J. F. Torrey, 218 West California avenue, are planning to leave on Saturday for a vacation trip into Northern California, where they will go by motor. Their children, John, Emma and Cecil, will remain at the home of Mrs. Torrey's sister, Mrs. Robert McAdams, Palmdale, where the Torreys were recent visitors.

Mr. and Mrs. E. U. Emery, 329 N. Kenwood, motored to Newport and Balboa beaches yesterday, taking with them as guests, Mrs. Henry Johnston, 111 North Everett street, and Mrs. Ferguson of Dunsmuir, Calif. Mr. and Mrs. Emery entertained at dinner in the evening for these guests.

The first flying machine to enter Mono County, an almost inaccessible spot, was L. C. Brand's limousine airplane, which, with G. C. Budwig, as pilot went up to Mr. Brand's lodge in Tioga pass the first of the week. F. W. Ponery accompanied by Mr. Budwig and Mr. Brand made the return trip. The trip to the lodge was made from here in 2 hours and 52 minutes, while the return flight took three hours. That in comparison with a day and a half of hard driving in a motor car. There has been a landing field recently completed at Mr. Brand's summer home, so his daily trips to Los Angeles are made possible, if necessary.

Over fifty children from all parts of the country, are enjoying a vacation at the Monte Vista home, an ideal mountain lodge, states Mrs. R. W. Meeker, 1320 East Colorado, local chairman of the home. The grounds have been cleared, preparatory to beautifying them, and playground apparatus is being put in place.

The Wilson home at 680 West Broadway has been recently purchased by Mr. and Mrs. E. E. Steiner and family of Everett, Wash., and they are already occupying it. Mr. Steiner expects to connect himself with a Los Angeles manufacturing concern in the very near future.

Mrs. Frank Huff and little son, Wright, of Vallejo, Calif., who have been visiting her parents, Mr. and Mrs. S. E. Wright, 811 East Orange Grove avenue, left this morning for their home. Mr. Huff is an electrician at the Mare Island navy yard, and he and Mrs. Huff expect to return and make Glendale their permanent home in the near future.

Mrs. John Hart and baby, Betty Jeanne, who have been spending a number of weeks as the guests of Mrs. Hart's aunt and uncle, Mr. and Mrs. E. B. Elias, of 104 West Cypress street, has returned to her home in Fresno.

A. F. Green, who with his wife has been visiting his son, C. C. Green and family, at 320 Oak street, leaves today for his home in Detroit. Mrs. Green, however, will remain here for the winter.

Miss Hazel M. Colton, 111 South Central, returned home on Wednesday from a visit with relatives in San Francisco.

Crater Camp, on the Malibu, is a new camping spot recently discovered by a group of Glendale people, and they say it is an ideal place for an outing. On Wednesday, Harry Dillon, Everett Brown of Minnesota, Mr. Dillon's sister, Mrs. Lottie Cummings, and daughter, Billy, and Mrs. Burch of Portis, Kan., who is visiting Mrs. Cummings, and Alice Johnson, motored to the camp and spent the day. They were so enthused over the place that they made up another party and left for the camp this morning to spend the week-end.

Returning from a two months' camping trip in the Yellowstone Park and Yosemite, Dr. and Mrs. W. G. Wheatley are stopping with Mrs. Wheatley's parents, Mr. and Mrs. R.

Just Phone Glen. 599

D. Topliff, 327 Salem street. Dr. Wheatley passed the state board medical examination, while in Sacramento, and will practice in Azusa the coming winter. Mrs. Wheatley will teach music in the public schools there, so that city will be their home. They will remain in Glendale only a short time, in order to take care of some property interests.

Mrs. Edw. Weston and four children, who have been camping at Redondo Beach for the past month, returned to their home, 1315 South Brand boulevard, yesterday.

Mrs. C. C. Cravath of Laguna Beach was entertained at luncheon today by Mrs. John Fanset, 1005 East Harvard street.

Mrs. J. D. Dibbern has leased her home at 514 South Glendale avenue to Miss Sara Sothern, star of "Clar-

ence," and other popular recent productions, who is charmed with Glendale and desires to make it her residence for the coming six months. Her parents, Mr. and Mrs. S. S. Sothern of the Ozark mountains, in Southeast Missouri, have joined her. She is a member of the Wilkes company which plays at the Majestic.

Miss Charlotte Read, 701 North Central, is today entertaining Mr. and Mrs. Ben Strother of San Antonio.

Mr. and Mrs. J. D. Camerer, 311 West Garfield, have gone to San Diego to visit their son, Dr. Clyde Camerer, and family. The doctor is a physician at the naval hospital there.

Mrs. Mel Reynolds, assisted by Miss Josephine Cox, recently entertained at the home of Mrs. M. Rose, 118 East Garfield street, in honor of the birthday anniversaries of Mrs. J. D.

Camerer and Miss Minnie Tyner. The guests were Mme. Jallade and brother Charles, of Los Angeles; Mr. and Mrs. J. D. Camerer, of 311 West Garfield, and Mr. and Mrs. Augustus of Los Feliz road. A feature of the evening was a reading, "The Love of Mary Ann," by Mrs. Reynolds.

Elder W. F. Martin has gone to Lincoln, Neb., where he will attend a camp meeting. The elder is connected with the Pacific Union Conference of the Seventh-Day Adventist church, and before returning to Glendale he will address meetings in Missouri and Kansas on the subject of religious liberty.

Mr. and Mrs. O. W. Esselman and family, 1100 South Glendale avenue, entertained friends from Texas, Mr. and Mrs. Kimball of Dallas, with a picnic at Griffith Park, Thursday. The dinner included broiled steak and

roasted potatoes and was much enjoyed by the guests. Mrs. Esselman says that potatoes roasted in that way in the coals and ashes of an open fire should first be wrapped in wet paper. When ready to serve the skins will not be hard and burned.

W. M. Wright and sister, Miss May Wright, 124 West Doran, returned early this week from a two week's visit in Santa Cruz. While away, they visited in Monterey and attended the Christian Endeavor convention at Mt. Hermon.

Little Edwin Barton, who was taken to the children's hospital in Los Angeles for an operation made necessary by an injury he received about three months ago, is said to be doing very well now. He is the son of Mr. and Mrs. King Barton and is still at the hospital, but is steadily recuperating.

# FLYERS NAME NEW ZEPP AN AERIAL HOTEL DE LUXE

(By International News Service)  
WASHINGTON, Aug. 19.—An "aerial hotel" is what the huge ZR-2, America's navy airship, has been called by the navy men, especially those accustomed to the crowded quarters of the smaller "blimps."

Contrary to the general idea, the quarters are not jammed into the comparatively small cars slung beneath the huge bag of the airship. Instead, they are situated in a long corridor running through the interior of the bag and extending the length of the ship. This corridor is called the keel way, and is eight feet wide and seven feet high. Large spaces enclosed with balloon fabric provide quarters for officers and men, situated respectively forward and aft. These quarters are furnished with comfortable chairs, tables, benches and a Victrola with a liberal assortment of records. The sleeping bunks are placed along the keel way at varying intervals.

These bunks are provided with the usual mattress and blankets, and in addition, a fur-lined sleeping bag, although this latter is discarded in the summer.

The engines, six in number, are situated in six power cars. The food for the crew is cooked in these power cars, utilizing the exhaust flames for this purpose. The crew lives well, as well in fact as though at a big land hotel. All food is served hot and, while substantial, includes such items as cereals, bacon and eggs, fresh fruit, bread, butter, coffee and tea and cocoa; soups, fresh vegetables, salads, roast beef and similar dishes, all served at a altitude which insures a good appetite.

The sad-looking young man walked down the garden path, sombre and sorrowful. His sweetheart watched him with anxious eyes.

"How did father take it?" she asked tremulously.

"He took it—well," came the reply. "Oh, I'm so glad, George," she cried, excitedly.

"Are you?" replied George. "Well, I can't say that I am dearest. At first your father refused to listen to me."

"But didn't you tell him you had five hundred dollars in the bank?" she exclaimed.

"I did," came the dejected answer.

"And what did he do then?"

"Do?" echoed the young man wearily. "Why, he borrowed it!"

## "Martha Malicia Goes Shopping"

### DISTANCE LENDS ENCHANTMENT

IF MUSIC IS MADE a part of the hospitality offered one's guests, any of the simpler entertainments like an afternoon tea, are made successful. Your musical friends will delight in that marvelous reproducing instrument—the Ampico! They will enjoy hearing again the great master whose playing on the concert stage they have remembered with pleasure, or another, whose wonderful interpretations are the talk of the music world, but who cannot be heard in person for his concerts are given in some distant city, or at a time when it is impossible to attend. And then, there is the subdued music to be heard during dinner—coming from a distance, softly, quietly, enchanting, and adding an indefinable charm to any gathering—never intruding itself but existing only as an exquisite melody heard from afar—the Ampico can be made to play as softly as one likes—and what could be more beautiful or touching than music heard at twilight or in a room lighted only by the glow of the fire? The home of the Ampico in Glendale is at 211 North Brand boulevard—the BARNES-SHUCK MUSIC CO. There you may hear the world's most famous artists perform with all their brilliancy of technique, on either the Haines Bros. Franklin or Knabe pianos! Stop in at their attractive store and ask to hear your favorite selection played by one with whose artistry you are acquainted and you'll agree with me, I am sure, that there is but one word with which to express the Ampico and that is—Magical!

To clean white paint, boil two or three onions well and the water they are boiled in will cleanse painted woodwork effectively. No soap will be needed; all the dirt will disappear, leaving the paint clean and glossy.

**TO OWN YOUR HOME IS TO BE WELL ON THE ROAD TO SUCCESS**  
IN THE FOUR HUNDRED block on Lexington avenue, there is a lovely six room bungalow, with three bedrooms and every modern convenience, even a garage—for only \$750 down. Vandenhoff, of 205 North Brand boulevard is offering it for sale—and the total purchase price is only \$5400—so as you can see, before long you'd have it paid for!

The hand tub is protected against steam and hot pans if pan holders are made in the form of thick pockets.

### A WORD TO THE WISE— "BE THERE EARLY!"

LOVELY CHINA is the delight of every woman's heart! And such lovely pieces in gold and white as NEALE & GREGG HARDWARE CO., at 107 North Brand boulevard, are showing, will be a constant fount of joy! They are unusual values at the price, which has been set for Saturday, and you shouldn't pass it by! Some are white with an eighteen-karat gold band, and others have the bright gold decoration! And, for a dainty luncheon, what more could you ask than a set

**TRULY, THE SHERIDAN IS THE "CAR COMPLETE"**  
IT IS A COMMON SAYING that to "buy a cheap car is to buy a bundle of trouble," and so it is! But, to buy a car of superior quality and workmanship, and then to be able to buy that car at a reasonable price, from a firm of high standing, is to show good business judgment! And so it is with the Sheridan, for it is a car built of materials of the very highest quality and handled only by skilled workmen. The lines are long and graceful and there has been nothing left undone to carry out its air of distinction and dignity! It is truly the "car complete!" And to buy one's car from the CLUB GARAGE—the Sheridan dealers in Glendale—at 107 East Colorado street, is to be assured of service promises fulfilled and absolute satisfaction!

A round piece of cardboard with a hole large enough to fit over the top of an electric light bulb, holds fancy wire frame silk shades for side brackets in place, and is more satisfactory than the light holders that can be bought for this purpose.

**DON'T YOU LOVE A COZY PORCH?**  
THAT SUN PORCH—can be made to look so cozy and "homey" with just a few pieces of nice porch furniture! Why not go down to the GLENDALE FURNITURE STORE at 606-608 East Broadway—for they can buy you some good looking porch rockers and chairs of maple at just about one half off! That in itself is a great saving—but you can buy them on easy terms, besides!

The suit-jacket is generally loose and features a narrow string belt.

Table covers and dresser scarfs embroidered in colors are much prettier and far more serviceable than glaring white.

prettily decorated with tiny little violas? There are sets of 32 and 28 pieces—just the thing for a luncheon or breakfast set in the new little home—in fact, they are called Bungalow Sets! There are six plates, six cups and saucers, and the platter and serving bowl, as usual. But the unusual part is the price—for as a rule they would sell for \$9 up to \$11.50—but Mr. Neale has marked them down to \$7.98! Think of it! Isn't that just the thing until you can afford to buy a larger and more elaborate dinner set?—for they are good-looking and of excellent quality china!

**I'M JUST FILLED WITH NEWS**  
I'LL SIMPLY HAVE TO TELL you all about the stock reducing sale on druggist sundries that is now in progress at the GLENDALE PHARMACY of 638 East Broadway! There are the loveliest of French Ivory manicure sets hair brushes, with good stiff bristles, too, and, in fact, all manner of things that are dear to the feminine heart! And then there are also bath-caps, in a variety of colors and styles and bath sprays and other most useful articles at a great saving! The Glendale Pharmacy also carry a full line of dandy, hair nets—such well known brands as the Gainsborough, Rovina and Bonnie B. Veils!

A pocket on the inside of a kitchen apron is a convenience as the pocket cannot catch on anything and tear.

**YES, IT IS A MATTER WORTHY OF MORE THAN PASSING NOTICE!**  
THE SUCCESS OF ONE'S DINNER PARTY depends largely on the coffee! If the coffee is poor, the effect of the whole dinner may be spoiled—but a good cup of coffee will "make" a dinner! Now, if you have been purchasing your coffee at 218 East Broadway, from BOOTH'S, you know as well as I do, that his coffee is unsurpassed, and by serving Booth's, Special Blend, you will always be "on the safe side." For, the Coffee King, as he is fondly known by hundreds of coffee drinkers, certainly knows how to roast and blend coffee to get that delicious flavor that one seldom finds in even the most expensive brands. And Booth's coffee is not at all expensive—but it is excellent—always pure and fresh!

Common lump starch can be used with very gratifying results for cleaning silver. It should be rubbed on with a damp cloth, left to stand for a few minutes, and rubbed dry with cheesecloth.

### HERE IS A REAL OPPORTUNITY!

SNAP A FEW PICTURES of the children in their characteristic little poses and then take the films to the PHOTO SHOP at 219 East Broadway to be developed! To the person who has the winning Kodak film they will give away, absolutely free, one eleven by fourteen enlargement, and what's more—it will be colored in oil and framed for you! The prints will be put on display in the booth which the Photo Shop will occupy at the Glendale Merchants Exposition from August 27, to September 3, and the child who receives the most votes there, receives the prize! Also at the Photo Shop you may take those old mirror frames to be made over into a handsome piece and finished in the lovely new Polychrome! It will cost much less than a new frame and then, besides, you'll value it more highly because of its associations!

Old night dresses find a ready use as slip covers for good dresses, which are hung away subject to dust.

### HAVE YOU SEEN THEM?

On a floor that is as "smooth as glass" it is a joy to dance—and that is a joy which has been realized by those who have dealt with the GLENDALE HARDWOOD FLOORING CO., of 304 East Broadway! They use the very best quality of hardwood and as their workmanship is excellent, the results are always more than gratifying! And the cost of replacing an old floor is amazingly low!

MARTHA MALICIA

### CORNMEAL WAFFLES

1 1/2 cups wheat flour.  
3/4 cup cornmeal.  
4 teaspoons Royal baking powder.  
1 egg.  
1 teaspoon salt.  
2 tablespoons shortening.  
1 1/2 to 1 3/4 cups milk.  
Sift dry ingredients. Add the yolk of egg to the milk and melted shortening. Add the liquid to the dry ingredients and beat well. Fold in the beaten white of egg. Bake in very hot greased waffle iron until brown.

The narrow, plain white collar is used with a deep or oval neckline.

### AND THIS IS THE REASON!

**IS BUSINESS GOOD? WASHER WILSON** of 140 South Brand boulevard, says it is—and he should know—for haven't they sold two carloads of A. B. C. Washers this month from their two stores? Yes, indeed, and although he is completely sold out of the cabinet model at present he will have another supply within a week. And, by the way, have you seen the Sweeper Vac demonstrated? Well, Washer Wilson carries several different makes of sweepers, ten I believe, and many well known makes—but the one that he recommends above all others is—the Sweeper Vac! But the reason is easily explained for, you see, the Sweeper Vac draws the dirt through the carpets instead of simply embedding most of it under the rug! This is done by the unique Motor Driven Brush which revolves at exactly the proper speed for the gentle tapping and perfect sweeping without the slightest injury! Washer Wilson will prove to you that it not only removes every speck of lint, thread or hair, from rugs or carpets, but it will actually clean hardwood floors, mattresses, upholstery, linoleum and even the stairs!

### THIS IS A FACT!

THERE'S NO NEED to worry about the results when you've sent your suit to the BRAND CLEANERS, of 217 South Brand boulevard, for they do expert cleaning and pressing most reasonably!

original poems by Mr. Sanford, and voluntary reminiscences of old times by some of those present. The picnicers numbered about thirty.

The concert of the nations would be more soothing if there were longer pauses between sharp notes.

A man may forget to feed the cat while his wife is away, but he doesn't neglect feeding the kitty.

As he slips the engagement ring on her finger, that far away look in her eyes means that she is wondering what it cost.

# 'LIBERALISM' IS THE CHARGE AGAINST MINISTER

CORTLAND, N. Y., Aug. 19.—A temporary injunction was recently granted against the Rev. Arthur H. Beatty, resigned rector of Grace Episcopal Church of this city. The restraining order was issued by Supreme Court Judge Theodore H. Tutthill, of Binghamton.

The action was the outgrowth of factional differences which for more than a year have existed among the members of the church. The trouble resulted from a series of charges made against the Rev. Beatty, among which were too liberality of views, and, it is alleged, a desire on the part of the pastor to enjoy a good vaudeville performance or "movie" pictures.

Other charges, according to rumor, were made against the rector, but, it is said they lacked basis of proof. Those charges, it has been intimated, attacked the character of the clergyman. However, a committee of clergymen appointed by Bishop Olmstead, which investigated these allegations decided that charges affecting the clerical standing and good character of Rev. Beatty were not sustained. The committee unanimously recommended that the pastor resign. It also recommended that he be given a three months' notice of the desire of the church that he tender his resignation. The Rev. Beatty resigned.

Bishop Olmstead requested that the wardens and vestrymen of Grace Church also resign and that an election be held in May of the present year.

The temporary injunction against the Rev. Beatty followed the filing of affidavits with the court by several former vestrymen of Grace Church. The affidavits alleged that the rector, "in conspiracy with other communicants of the church" and many who were not even communicants held a meeting on May 31 "in an illegal, fraudulent and high-handed manner." At this meeting, it is alleged, new vestrymen were elected. Although he had previously resigned as rector of the church, it is alleged that at this "illegal" meeting Beatty was elected by the new vestrymen to serve as temporary rector of the church for six months.

The temporary injunction restrains Beatty from acting as temporary rector of the church, and, also, restrain Dr. William H. Davis, newly elected treasurer, from using any of the funds of the church or turning over any of the money to Rev. Beatty.

Beatty and Davis are also restrained from collecting or receiving any contributions or funds for the church. Both men are ordered to appear before Judge Tutthill to show why the injunction should not be made permanent.

The Rev. Beatty was formerly a curate in Grace Episcopal Church, New York City. Later he presided over churches in Douglass, Wyo., and Leeds, S. D.

## PLANS TO WIPE OUT POTTER'S FIELD

(By International News Service)  
ST. JOSEPH, Mo., Aug. 19.—One well-known institution connected with every city of any size in the United States will soon disappear if plans of William Fleeman, a young undertaker of this city, are successfully carried through. The institution, which young Fleeman plans to wipe out of existence is the Potter's Field. There will be no more unidentified dead buried if his plans work out.

Fleeman has organized an identification bureau. Its members are all undertakers. The bureau plans to have a representative in every community in the country. The death of every unidentified person, man, woman or child, will be reported to the bureau immediately by members, and the description of the body and of all clues with it will be sent out to every other member. Fleeman believes that in nine cases out of ten the bureau will be able to identify the dead person, and the body can be recovered by relatives or friends.

The number of persons who are killed and are never identified at present runs into the thousands yearly.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

## NEW ZOO MEMBER PUTS UP FIGHT

(By International News Service)  
SEATTLE, Aug. 19.—Woodland Park Zoo has another distinguished inmate; distinguished because of the unique method by which it was captured.

It took a ferryboat, a lasso and several husky men to get the best of this new member of the zoo.

A year old buck deer had been chased off Mercer Island by dogs and, in a last desperate effort to escape, endeavored to swim Lake Washington. Captain Charles Herzog, commander of the ferry plying on the lake, sighted the animal when it was about midway between the island and the mainland.

Unloading the few phlegmatic passengers who did not wish to participate in the chase, captain pointed his craft lakeward, and the marine round-up commenced. Skillfully he maneuvered his boat close beside the badly frightened deer.

Purser Younger was assigned the first throw of the rope. He missed, and the deer swung off to port. Once more the skipper brought his craft alongside, and J. F. Thompson, a former Montana cowboy, made a cast. True as an arrow, the loop fell over the head and horns of the animal, and he was hauled alongside. Although badly exhausted, the deer put up a stiff fight before he was pulled on board. It took all the men aboard the boat a full ten minutes before the task was accomplished.

Arriving at the dock with the prize, the skipper and his "outfit" were met by game wardens, who took charge of the prisoner. Another fight took place when Warden Beach tried to induce the deer to take a seat in the tonneau of his automobile. He was finally subdued, after his feet had been securely tied. At the zoo he was pronounced one of the finest specimens ever seen there.

The new member of the Woodland Park family hasn't been christened, yet, but the name "Moses" is receiving consideration.

### WILL HONOR EDUCATORS

(By International News Service)  
SYRACUSE, N. Y., Aug. 19.—Syracuse University soon will adopt a unique idea in memorializing the names of those educators and scholars who have made the institution renowned. All class trees will be christened with the name of a benefactor. The first tree to be so christened is a maple and will be known as "Chancellor Day." A resolution to adopt the idea soon will be offered the campus improvement committee and the board of directors.

## SNAKE GOBBLES HENS AND EGGS

(By International News Service)  
NEW YORK, Aug. 19.—A snake story without the background of home brew is related by the Rev. Mr. Erwin H. Richards, for thirty-one years missionary to Africa under the Board of Foreign Missions of the Methodist Episcopal Church, who made his report at the headquarters of that organization recently. A python 15 feet long came out of the jungle one night and raided the hen house of the mission, at which some missionaries had gathered. The hen roosts were in an enclosure on the top of a bin of horizontal logs, to protect them from the smaller animals of the bush. The big snake wound his body in and out among the logs and got his head among the fowls. He swallowed seven large chickens, a setting hen and her nine eggs.

The noise made by the other fowls woke two small native girls, students in the mission school, who slept in a dormitory nearby. They armed themselves with an axe and went out to investigate, finding the python still wound among the logs and drowsy after his meal. With the axe they chopped him in two, and their shouts for help brought a half dozen Methodist preachers in pajamas and slippers with lanterns and shotguns. The python was pronounced dead and the natives who gathered from the kraal outside the mission compound begged permission to salvage the chickens.

The fowls were found almost whole and were borne off in triumph by the natives. The eggs, too, were not broken and were put under another setting hen and were hatched into perfectly normal missionary chickens.

Mr. Richards gives the names of the Bishop of Africa and several other missionaries as corroborating witnesses to his story. He says the python is stronger than a tiger or a lion, but a gorilla can vanquish any of them.

The firm of Hansen & Fransen was started in wartime and did very well for a couple of years. But last year things were on the downward grade, and the other day, when the two partners had finished making up their none too good record for the year, Hansen said: "This would make any one thoughtful. Now that the good times are over, how about a little honest business?"

"No, thanks," said Fransen. "I never indulge in experiments."

## KENSINGTON CLUB ENJOYS PICNIC DINNER

"Thoroughly delightful" was the report of members of the Women's Relief Corps who constitute the Kensington Club after returning from the home of Mrs. G. W. Sanford, in Sycamore Canyon, where they were entertained Wednesday afternoon.

After a mid-day picnic dinner the guests comfortably disposed themselves to enjoy a very informal program, which included a talk by Mrs. Priscilla Houdyshel, Past Grand Chaplain of the W. R. C., the recitation of

## SOUTHERN PACIFIC COMPLETES TASK IN TEHACHAPIS

SAN FRANCISCO, Aug. 19.—One of the biggest pieces of railroad construction work attempted in the West in recent years has just been completed by the Southern Pacific Company on its line in the Tehachapi mountains. The work has extended over a period of five years and entailed an expenditure of about \$1,000,000. The work was prosecuted without delay to trains despite the fact that this stretch of railroad, from Bakersfield to Tehachapi, 48 miles in length, is the busiest single track railroad in the United States.

### Mountain of Cement

About 110,000 sacks of cement, 1,500,000 lineal feet of reinforcing steel and 54,000 tons of concrete gravel were used. It is noteworthy that during the entire period of five years of construction there was no serious accident in connection with the construction itself.

Out of 18 tunnels on the Tehachapi grade, 16 have been enlarged and concreted and two have been eliminated.

This stretch of track is operated jointly by the Southern Pacific Company and the Santa Fe, and runs from the floor of the San Joaquin Valley to the summit of the Tehachapi mountains. In the busiest time of the year as many as 87 trains have been operated over this section, and as high as 1287 freight cars. Fourteen passenger trains and eight freight trains are scheduled daily.

### Early Construction

Prior to 1916 these tunnels were of small bore and timber lined except for about 1000 feet of solid rock section. The railroad was built in 1876 and it became evident in 1916 that, after 40 years of use, it would be necessary to enlarge tunnels and make very extensive repairs in order to cope with the immense amount of business and the very great increase in the size of power and equipment. Repairs of an ordinary nature were very expensive and caused a great deal of delay to traffic, and the danger of fire and cave-in had to be reckoned with.

After thoroughly reviewing the situation it was decided, in the Fall of 1916, to enlarge all of the tunnels to a minimum horizontal section of 16 feet on tangent and 17 feet on curve, and to a minimum overhead clearance of 22 feet.

On account of the density of traffic, ordinary methods of concreting by hand seemed impractical and it was decided to adopt the pneumatic method, by which the concrete is blown into place by means of machinery located at some convenient place outside the tunnel. To further facilitate the work, and save expense, steel frames, 20 feet in length, were used, which were moved on tracks of their own, from one point to another as a section of concrete was completed. After the organization was fully familiar with its working conditions, it was possible to complete 100 feet per week. On an average it would take from two to three weeks to set up all the equipment preparatory to doing the work and another two or three weeks to tear it all down and move it to the next tunnel. Where tunnels were close together, one set-up would do for two tunnels.

Of a total length of 6,979 feet of tunnel, there is now 5,964 feet of concrete lined section and 1015 feet of rock section.

The years treasure the memory of the old swimmin' hole, but forget the green scum that lined its banks.

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys  
if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority, who tells us that meat forms uric acid, which almost paralyzes the kidneys in the effort to expel it from the blood. They become sluggish and waste in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

## "BIVOUAC OF DEAD" KEPT TO COMPEL RESPECT

(By International News Service)

CANTON, Ohio, Aug. 19.—"The bivouac of the dead" has become a reality in Canton and promises to remain for some time, unless Westlawn Cemetery Association trustees relent from their order that no more burials will be made there on Sunday.

The Canton Post of the American Legion has become embroiled in a contest with the cemetery officials and is carrying the matter to the attention of State and national officers.

Bodies of Canton soldiers, killed or dying from injury and disease overseas, are beginning to arrive with frequent regularity, and the local post of the legion sees to it that each has a military funeral as a final tribute to the supreme sacrifice. These funerals are always large. The cemetery order hit the legion hard; but the old army resourcefulness came into play. They held the funeral for Corporal Walter Griffith, killed at the Marne, and it was a large one. Full ceremonies took place at the spot where the grave was to be, then the casket was lowered to the ground, and an armed guard was tolled off. Reliefs were formed, and two sentinels stood erect, keeping vigil through the night and on Monday morning until cemetery sextons came to dig the grave and lower the coffin into it.

"Our buddies went overseas on Sundays, fought and died on Sundays, so why shouldn't they be buried on this day, when more of their comrades can turn out?" asks Ben J. Daugherty, a former major, and commander of Canton Post.

The "bivouac of the dead" will be the policy of the legion until the cemetery trustees relent.

### FOR YOUR ALIBI FILE

(By International News Service)

KANSAS CITY, Mo., Aug. 19.—Out of a crowd of 162 motorists, alleged traffic violators, only one offered an original excuse for his actions when he appeared in Judge Edward Fleming's court here.

F. C. Mueller, a municipal park golfer, offered the original alibi which "scored" with the court.

"I had one light on my car," Mueller told the court, because some punk golfer hit my headlight with a mis-directed shot."

"That's good enough to win your discharge," Judge Fleming announced.

They have reassembled and replaced Plymouth Rock; probably in a desperate effort to catch some of the old-fashioned kind of ancestors.

Even Ten Nights in a Soda Fountain would offer some element of pathos.

## LIPTON ABANDONS LIFETIME AIM TO WIN TROPHY

(By International News Service)  
LONDON, Aug. 19.—Sir Thomas Lipton has definitely abandoned the idea of challenging again for America's Cup, according to his most intimate friends here. He has even given up ordinary yachting in Great Britain.

Sir Thomas, when questioned, hides his decision with the statement that "he does not wish to discuss the matter at the present moment." But his yachting associates of former days refer to his decision freely.

"It is mainly a question of finance," said one of them recently. "To come down to cold facts Lipton is not rich enough to take up the challenge again solely on his own account."

**Bears All Expenses**  
There are several questions to be considered. First of all, when Lipton challenges the cup is defended by a syndicate, every member of which is probably a richer man than Sir Thomas. On the other hand, he has to bear all the expenses unaided.

"Then last year's race cost him a big fortune. From the time the Shamrock was first designed in 1913 until the moment when she was finally defeated and Lipton returned to England it is estimated that the challenge cost him no less than \$2,500,000.

"It requires a great deal of consideration before such a sum can be risked again.

"And it must be remembered that a new challenger would be far more expensive than the last. Since 1914 materials are anything up to 500 per cent higher. Vessels have risen over 500 per cent. Lipton used to be able to hire the best sailors in England for \$6 weekly; now the humblest members of the crew require a minimum of \$25.

**Lipton's Business Hurt**  
"Apart from this, Lipton's business, like every other in this country, has been going through a bad spell on account of the trade depression. Shareholders are complaining that they no longer receive dividends at the old rate. They complain that Lipton has not been giving the same personal attention to the business as before. If he took a long holiday from England now, and at the same time embarked on a huge new scheme of private expenditure, their voices would be heard still louder in protest.

"Finally, Lipton is growing old. Great as is his personal ambition to win the cup and he would give every penny he possesses to do so—he knows that he could not bear the strain and anxiety of building a new challenger.

**"Nearly Broke His Heart"**  
"His failure last year nearly broke his heart. It followed quickly on the loss of his beloved yacht Erin in the war, when all his prized trophies went down with the ship. The two events together have shaken his spirit.

"He is a much poorer man today than he was seven years ago. He still puts all his thoughts on the American Cup, but he realizes that no longer is it for him to attempt the challenge single-handed. If he were supported by some of the great yachting institutions, or if some wealthy men associated themselves with him, he might yet have another try.

"Otherwise, it can be taken as an accepted fact that Lipton is finished with the Cup. But he is too fine a sportsman to complain."

### LONGEST RUN

(By International News Service)  
LONDON, Aug. 19.—"Chu Chin Chow," which has had the longest run for a revue on record, 2,238 performances, has come to an end at last.

The closing night was marked by scenes of the greatest enthusiasm. Oscar Asche and Lillie Bratton, the two principals, taking innumerable "curtains."

The street is so full of a number of things, it's rather too bad that we haven't all wings.

## Sport Gossip from All Along the West Coast

Without detracting from her ability as a tennis player, the default victory won last Tuesday by Mrs. Mallory over Suzanne Lenglen, of France means nothing. Nothing was proved that the French girl is not as great as she has been heralded. The one set played showed Mrs. Mallory to have the best of the argument in that set, but there are hundreds of instances where a player loses not only the first set, but the first two sets and then comes back and eventually wins the match.

The French girl should never have started in the tournament. She had only stepped off a cross Atlantic liner two days before and then went on the courts against the best player in this country. Aside from that fact Suzanne had practically gotten out of a sick bed to make the trip to this country to play, and in her own estimation of what was the right thing to do, against physicians' judgement, she decided to play Mrs. Mallory. The French girl believed that she was in duty bound to participate. She carried out her theory to the loss of her standing.

No person who has been through a siege of bronchitis as Miss Lenglen had been, could by any manner of means be in a fit physical condition to play in a championship tennis or any other match. The American public believes in fair play and Miss Lenglen would have been upheld by the public had she used her prerogative and refused to participate until she had had time to regain her sea legs, further shake off passing illness and regain some of the condition necessary for such matches.

**Start Was Unfortunate**  
Her start in this country was unfortunate. There is no question but that she is a phenomenal tennis player. She has already defeated Mrs. Mallory, Elizabeth Ryan and Mrs. Chambers, the latter of England, and this trio is recognized as among the leaders of the world among the women.

All accounts indicate that the French girl suffered a genuine physical collapse. There was no "bluff" about it such as we too often have among professional boxers for example. The strain was too great and brought a reaction on her throat and lungs.

Her playing in the set contested plainly showed she was not in shape for a game and her reckless placements, her inexcusable number of outs, and her unreliable service all showed lack of practice. She has in reality not been on a court since she won the world title in England nearly two months ago. Under these conditions and the fact that since her last matches she has been laid low with a severe attack of bronchitis clearly shows that she in no condition, either physically or preparedly, to enter such a contest as the National championship of the United States, and for that matter in any other contest.

**Decision is Reserved**  
The world at large may not look at the matter from these angles. The minority of the world at large, those in particular who do not know tennis but judge on surface facts, will state their side of the question and in their loud way proclaim that the French girl is not the star she has been heralded. She may not be and then she may be. The fact remains she has not been able to prove it in this country, but the burden of proof will come later. When Suzanne recuperates, when she has rested up for a reasonable time and when she is able to get some very necessary practice she will show her true standard, and then she will get credit that really should never have been lost under the conditions she lost it.

The athletic world awaits with breathless interest the effort being made to get together the three best horseshoe pitching experts in the country in order to determine who is the champion of the United States.

Two men claim the honor, while a third declares he is the best of the lot.

\*\*\*  
The awarding by the Amateur Athletic Union of the 220 yard senior national breast stroke swim for men and the 100 yard national junior dash to Tent City, Coronado, Calif., has met with genuine approval of those who are likely to compete in the event. The reason is that there is no better bit of water on the Pacific Coast for speed swimming, and the facilities for both competitors and spectators excellent.

\*\*\*  
In connection with the matter of putting the Pacific Coast on the golfing map by offering attractive prizes in order to get the best of the talent to play here, it would seem that the average professional golfer reeks little of distances and would think nothing of crossing the continent providing the monetary returns paid him for the time and expense. This is exactly what the Far West will have to provide for when figuring on the size of the purses it will offer. We should make the prize bigger than the East is giving, plus payment for time and expenses incurred. The flourishing condition of the coast golf clubs, if they would combine and cooperate and set aside petty politics and jealousies, would insure the world's most princely golf purse. As a publicity and advertising aspect, it would be the best thing in the athletic line that could be established.

\*\*\*  
Word has just come from the Orient that the formation of the first Japanese professional baseball club is imminent. The plan is being fostered by the Shimbura Gymnastic Association. The players are to be recruited from among the graduates of the middle schools. The team is to be coached by Kono, a former star of the Wasada ball team, and the players will receive 100 yen, which is about \$50 in U. S. currency, and certain other allowances as a starter. They will train for four months, and later expect to make a tour of the United States.

\*\*\*  
Recently at Peking, China, a team of nine Japanese chess players defeated an equal number of Chinese experts. The Japanese, being admittedly the better players, played under a handicap.

\*\*\*  
The fact that the American team at the recent international shoot held at Lyons, France, were beaten by Italy, Switzerland and France in the order named in the revolver shoot, might indicate that the reputation which our forefathers established in the matter of the quickness of the draw and the certainty of execution was on the wane.

### ELIXIR OF LIFE HUNT

Since Methuselah, there have been many legends of men who could not die or who were made young again. Those of the Wandering Jew and Faust are the most famous.

One of the chief aims of the alchemists of the Middle Ages was to discover the "elixir of life."

Prof. Metchnikoff advocated the removal of intestinal bacteria by drinking sour milk.

Thyroid glands extracted from monkeys is one of the most modern "elixirs." It is used by Dr. Voronoff, of Paris.

Goat gland treatment is being used in the Fukuoka Imperial University, of Tokio.

Prof. Steinach, of Vienna, operates by tying up one of the spermatic cords.

It was stated at a recent inquest on a Paddington, England, dustman that his heart continued to beat for seven and one-half hours after his breathing ceased.

## LOSSES IN TRANSIT TO BE CHECKED BY RAILROAD

SAN FRANCISCO, Aug. 19.—In conjunction with the Southern Pacific Company's campaign to educate shippers to the value of proper marking, packing and loading of their consignments to the end that loss and damage to freight in transit may be cut down, the company's employees are now planning an intensive campaign among themselves, with an idea of demonstrating what it is possible to do in handling freight without loss, damage or errors.

This campaign will last throughout the month of September and will be engaged in by all Southern Pacific company employees on its Pacific system. It was decided to inaugurate a System campaign after reviewing the results obtained from directions of divisional campaigns by special committees which were selected by the employees.

**Committees Formed**  
R. G. Fagan, Superintendent of Freight Protection, Southern Pacific Company announces that special committees have been formed on each division for the purpose of directing the campaign.

Attention has been called recently throughout the United States to the vast amount of money that has been paid out by the railroads in the settlement of loss and damage claims, and the rate at which such payments have increased since 1918 has made it apparent that this economic waste must be curtailed according to Fagan. The amounts by which the net earnings of Class 1 roads have been reduced through loss and damage payments without any corresponding benefit to shippers of freight increased from \$23,346,965 in 1916 to 104,398,930 in 1920.

By attacking both sides of the problem, by inducing better marking, packing and loading on the part of shippers and more careful handling on the part of employees, the company hopes to cut down its loss and improve its service.

## JAPANESE PROVE ABILITY TO LEARN

(By International News Service)  
HONOLULU, Aug. 19.—Marking a long stride forward in the Americanization of Orientals in Hawaii came the announcement from the Territorial Department of Public Instruction today that out of a total of 565 applicants for certificates to teach in the "Foreign Language Schools" 492 had successfully passed the required examination in American history and national ideals. The examination, intended to insure the teaching of American ideals to Oriental children in their own schools, was made compulsory by act of the Territorial Legislature at its last session, at which time the total abolition of all schools conducted in languages other than English was sought by certain groups.

Of the 492 who earned passing marks 253 only were granted permanent basic licenses to teach, the remaining thirty-nine securing only conditional passing marks necessitating re-examination. Japanese predominated among the successful candidates, 238 of their number being passed unconditionally. The Koreans, with nine, and the Chinese, with eight successful candidates, came respectively, second and third.

Local educators express themselves as much pleased with the result of the tests, as it is generally felt that through these and other compulsory examinations in American subjects true Americanization will be brought about through the alien teachers themselves, thus providing the solution for what at one time loomed as a serious problem to the Territory.

# Chaffees

"WHERE CASH BEATS CREDIT"

## BREAD 24 Ounce Loaf 10c

### NEW ENGLAND

Our standard white loaf. It is our leading seller. We recommend New England.

### SANDWICH

The ideal loaf for toast and sandwiches. A light milk crust. Slices evenly and easily.

### MULTIGRAIN

Containing flour milled from many grains. An unusual flavor found in no other health bread. Multigrain aids digestion.

### WHOLE WHEAT

This popular loaf is used in many homes in preference to all other kinds of bread. If you use a dark bread, ask for a loaf of Chaffee's Whole Wheat.

## Sultana Candy Kisses

Pound, 27 Cents

A delicious chunk of sugar-cream candy, containing Sultana seedless raisins. The small, juicy raisins give an unusual taste to this original confection. In two flavors—strawberry and vanilla.

## White Meat Tuna

Pure White Meat Steak Tuna. Desirable for dainty salads, to cream or as the substantial food of the evening meal. This is not the dark meat scrap tuna.

1/4s—2 for 25c; \$1.40 dozen 1s—35c; \$4.00 dozen 1/2s—2 for 35c; \$2.00 dozen

## Letty Norwegian Sardines

1-8s—4 for 25 Cents

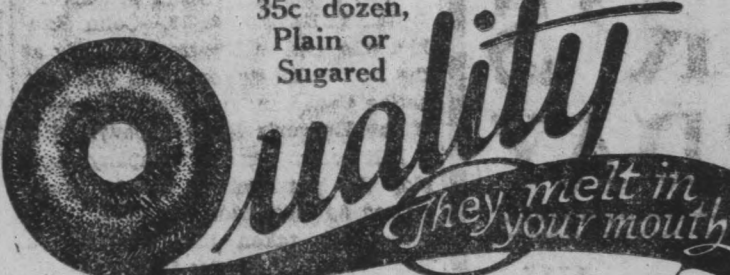

These are real Norwegian imported Sardines. Tiny fish in oil. An exceedingly high-grade product at a very special price. Do not confuse this value with common, cheap sardines.

## Again Glendale Is Lucky

As it was the first community in California to exterminate gophers with GOPHER-SCENT. Other communities throughout the state are now using GOPHER-SCENT and are just as enthusiastic about it as the people of Glendale. The reasons why GOPHER-SCENT is successful are:

FIRST—The quick results obtained.  
SECOND—Gopher-Scent is scented, which draws gophers to the bait.

THIRD—Gopher-Scent is specially prepared with a bait, which gophers like to eat better than what they ordinarily get to eat under the ground.

FOURTH—It contains no raisins or fruit, which gives it a greater degree of safety as a poison around the home, where there are children and pets.

We have a gopher iron which we sell at cost to Gopher-Scent users which does away with shoveling.

## EASTERN RAILROADS PLAN TRIP TO ASIA JOIN IN NEW RATE REDUCTIONS

Widespread reductions in transcontinental eastbound import rates and westbound export rates to and from points east of the Mississippi river and north of the Ohio and Potomac rivers are announced by G. W. Luce, Freight Traffic Manager for the Southern Pacific Company, who has just returned from the east where he conferred with traffic managers of other railroad lines. Luce states that the railroad lines east of Chicago and north of the Ohio and Potomac rivers have concurred in the publication of these rates which will take effect September 1st.

The putting into effect of these rates will mean, according to Luce, a revival in the export and import tonnage through Pacific Coast ports to and from Asiatic and Australian points, which has heretofore moved through New York and the Panama Canal. The reductions in import rates range as high as 45 per cent. The reductions in export rates range from 6 1/2 cents to \$2.90 per 100 pounds.

The western lines have been trying for some time to induce the eastern lines to join them in making rates which would bring Asiatic and Australian traffic through Pacific Coast ports.

**EXPORT GRAINS MOVING**  
In connection with the announcement just made by Eastern Roads of reductions of about 25 per cent in freight rates on export grain, statistics compiled by the Bureau of Railway Economics show that export movement of domestic wheat in the past twelve months has exceeded the movement in any similar period of the last six years. It was greater with one exception (1915), than any other 12 month period since 1911.

Freight car loading of grain and grain products, domestic as well as export, has also increased in spite of the statements often made that present freight rates are retarding shipments.

Revenue freight car loadings of grain and grain products in the first six months of 1920 were 860,101 cars; in the first six months of this year grain car loadings were 989,943, an increase of 15.10 per cent.

**AGED FUR TRADER DIES IN CANADA**  
(By International News Service)  
MONTREAL, Aug. 19.—Colin Rankin, who died in Montreal recently at the age of ninety-four, was the first native Canadian to enter the service of the Hudson's Bay company. After a half century in the company's employ this patriarch of the fur trade retired as chief factor in 1898.

He was taken into the Hudson Bay Company's service in 1848 by Sir George Simpson, known as the "emperor governor." Sir George was one of the ablest of the long line of governors that began in 1670 with Prince Rupert, famous champion of the house of Stuart in Cromwellian wars. Under him the company was merged with the North West Company, which for years had been its deadly rival in the fur trade. Under him, too, the company reached its meridian of power and dominion and ruled three-fourths of the North American continent. Of this vast empire only some 3,000,000 acres now remain in its possession.

Mr. Rankin's service was almost exclusively in Eastern Canada. He was in charge of posts at Mattawa, Lac Seul, St. Maurice, Kickanicut, Berthel, Saguenay, Simcoe and Temiskaming. He was chief factor over the Lake Superior district and the Ottawa River district. He was known for his vigor of mind and body and his career which missed but six years of rounding out a century, was an epic of wilderness adventure.

### PEOPLE OF OUR TOWN

The Booster is the Town's most useful citizen, because he Unselfishly Supports every movement to Better the Town and make it a Better Place to Live. Everyone answering the above Description is a Bonafide Booster. For the Number of Boosters in Our Town, see the last Census Report.

By HARRY WARD  
International News Service Staff  
Correspondent

WASHINGTON, Aug. 19.—A three-year trip through little-explored regions of southeastern Asia in search of useful varieties of trees and plants which are unknown to horticulturists of the Western World is about to be undertaken by J. F. Rock, agricultural explorer of the Department of Agriculture. He will leave Washington about August 20 on his long trip, which is likely to have far-reaching results.

On this trip Davis will complete his studies of the chaumogra oil trees—source of leprosy cure—of the warmer portions of that region and study the various wild and cultivated plants which are worthy of being brought more forcibly to the attention of the botanists and husbandmen of America.

One of the special objectives of the Rock expedition is a search for chestnuts worthy of introduction to the Eastern United States. There are known to be chestnuts in western China and southward into Siam and Burma and even as far south as Java which form immense forest trees. The resistance of these trees to the bark disease which is slowly killing the chestnut trees in the United States is unknown, but since certain seedlings of a dwarf chestnut sent in by Meyer, in 1906, from China have shown a high degree of resistance to the blight, it is deemed important to secure all the chestnuts of that region.

Southeastern Asia is the home of the chestnut. There are more species there than in all the rest of the world together, and since Dr. Van Fleet, of the Agricultural Department's plant breeders, has already successfully made hybrids between the American, Japanese and Chinese chestnuts, there is good ground for believing that through hybridization it will be possible to produce a disease resistant chestnut forest tree to replace the American vanishing species.

## BESSIE LOVE IS AT THE GLENDALE

Bessie Love, one of the youngest actresses on the screen, will appear tonight in the latest Federated release, "Penny of the Top Hill Trail," at the Glendale Theatre. The character played by Miss Love is a mystery which is solved delightfully at the end of the picture. What the audience sees is a charming young girl, dressed in ragged garb, who appears suddenly at a western ranch, under guard of the sheriff. She is believed to be a thief and her talk and conduct strengthen that belief.

The charm of the girl works on the sheriff, but he hardens his heart against the supposed criminal. But the secrecy surrounding her past is finally revealed in a confession which brings to an unconventional but happy ending, a stirring, tantalizing story which has a surprise at every turn. Miss Love wears beautiful clothes, appears in "chaps" and sombrero and does some breath-taking stunts, as good measure thrown in a real outdoor romance.

## SEATTLE LAD SAVES DROWNING BOY

(By International News Service)  
SEATTLE, Wash., Aug. 19.—When Franklyn Barber, seven, of the suburb of Georgetown, fell into the Duwamish River he gave a little scream of terror, struggled feebly and then sank. At the same time Sherwood Heinke, eleven, of No. 3215 Twelfth avenue South, was going up the bank with his clothes under his arm. He heard the scream, looked back, saw the child sink, then made the race of his life and leaped into the water. He brought the child to the surface as he was going down for the third time, carried him to shore and gave first aid. Then he took the boy home.

"Where are your clothes?" asked Mrs. Barber when she saw Sherwood had only a bathing suit on.

"Had 'em under my arm and dropped them in the water. Guess they floated down stream," he answered.

When he refused to take a reward Mrs. Barber bought him a complete outfit, from silk underwear to a brand new suit, and agreed to do all the trading possible at his "dad's" store in the Pike Place public market.

## YANKS TOO 'BOSSY' SAYS BELGIAN MAIDEN

By DOROTHY HUSKE  
I. N. S. Staff Correspondent

CLEVELAND, Aug. 19.—What is the stuff that ideal husbands are made of?

The American, with his caveman methods falls far short of the ideal of Mile. Julie Jarry. She has thought it over and decided that a Frenchman will submit more gracefully to feminine management.

This coy young Belgian miss came from Brussels eight months ago to Cleveland. Object, matrimony. A typist with the American Army in France, she became engaged to a young lieutenant in the A. E. F. To

Mile. Julie an "Americaine" was almost as great as God.

But America with its strange new freedom—its emancipation of women—has left Miss Jarry cold.

"I Will Marry Jules"

"No, no," she declares, in accent naive and charming, "I will go back to my country. I will marry Jules. I will be—what you say—boss." In America the man is boss. In this, the Belgian girl lightly dismisses her erstwhile fiancé and turns her thoughts toward Jules and Paris.

Jules is another story. Since they were "kiddies," living side by side in Brussels, Jules has always been the adoring slave of Julie. Julie persistently, though gently, discouraged the attentions of the French boy.

Then, just at the peak of her disappointment in the caveman lover, her ardor for America chilled, came a letter with a foreign postmark. Which proves that Jules was right there when opportunity knocked.

Now comes the "old, old story."

Julie sails for France this month. She will be married and spend her honeymoon in Paris. Then she will go with Jules to live in Oppeln, Silesia, where he is an inspector for the Secret Service.

"There is much of charmness about America," says Mile. Jarry, with a beguiling smile, "your hospitality is so lovely, I will come back some day with my husband."

If you speak of the great war to Julie (she was twice-held in German prison camps), her sunny expression is clouded for an instant, and her eyes seem to see horrible things. You wait intently for the strange story she is about to tell. Then she brightens and speaks with a confidential air.

"But wait, I will tell you something! I have a secret ambition in me. After I am married I am going to write a book. You will read it—no?"

**RESTORATION TO ENTRY OF LANDS IN NATIONAL FOREST**  
Notice is hereby given that the lands described below, embracing 60 acres, within the Angeles National Forest, California, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 223), at the United States land office at Los Angeles, California, on September 29, 1931. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to September 29, 1931, on which date the lands will be subject to settlement and entry by any qualified person. Applications may be filed twenty days prior to the above date but will not be allowed until the day set for opening thereof. Ex-service men who served during war with Germany will also have a preference right of entry for a period of sixty-three days prior to the above date. Such preference, however, is subject to the superior preference of settlers prior to January 1, 1906 and listees. The NE 1/4 SW 1/4 NW 1/4, NW 1/4 SE 1/4 NW 1/4, SE 1/4 SE 1/4 NW 1/4, NW 1/4 NE 1/4 SW 1/4, Sec. 3, T. 2 N., R. 13 W., S. B. M., containing 60 acres. Listed upon the application of Earl G. Ulrich of Tehuaca, California. List 5-2957. June 6, 1921. D. K. PARROTT, Acting Assistant Commissioner of the General Land Office.
